

Winter Crappie Fishing

Start Date: 1/24/2017 6:30 PM

End Date: 1/24/2017 9:00 PM

The Crappie Fishing Seminar will be presented by Freddie Sinclair and will provide valuable insight into the techniques and equipment selection used by successful crappie fishermen. Freddie has been guiding for crappie on Falls Lake, Jordan and Shearon Harris for more than 19 years, specializing in long-line trolling technique.

Topics covered:

Crappie Facts; movement habits of white and black crappie

Locating Fish; Locating structure and submerged terrain features that hold wintertime crappie

Equipment Used; Bait/Lures; Selecting and rigging both live bait and artificial lures for the greatest success, rod and reel combinations, Explanation of equipment and their applications

Lure Presentation; Techniques for tight line presentation and long line trolling.

This seminar is provided free of charge by North Carolina Wildlife Resources Commission. Space may be limited; therefore, preregistration is strongly encouraged. For more information, contact Tom Carpenter at 910-868-5003 x11 or thomas.carpenter@ncwildlife.org
