

Introduction to Kayak Fishing (Kayak Safety & Rigging) Feb. 2018

Start Date: 2/23/2018 6:30 PM

End Date: 2/23/2018 8:30 PM

This free clinic is the first in a series of three designed to give anglers and paddlers the information required to safely and successfully fish in sheltered waters from a kayak. In this class room seminar, participants will learn the basics of kayak fishing including: choosing a boat, required equipment, outfitting and rigging, tackle/gear selection and safety.

This course is suitable for participants 16 years old and older. No prerequisite. Each clinic is limited to the first 40 people, and pre-registration is required.

If you have any questions about this course, please contact Gerald Klauss at Gerald.Klauss@ncwildlife.org or 910.868.5003 ext. 12
