

# Watauga County, North Carolina

Angling opportunities exist on waters managed by the Blue Ridge Parkway. Although the National Park Service establishes fishing regulations for parkway waters, the North Carolina Wildlife Resources Commission aids with Blue Ridge Parkway fisheries management by stocking catchable-size trout into the following waters in Watauga County: Middle Fork of the New River and Price Lake. All persons age 16 or older must possess a valid North Carolina or Virginia fishing license to fish parkway waters; please contact the Blue Ridge Parkway (828-271-4779, Ext. 200) for information regarding fishing on parkway waters.
