N.C. Wildlife Resources Commission

Read the below carefully before completing this application.

Provisions: A Special Landholder and Guest Fishing License (\$50.00) may be obtained by the landholder of private property bordering inland or joint fishing waters, including public mountain trout waters. This license shall entitle the landholder and guests of the landholder to fish from the shore or any pier or dock originating from the property without any additional fishing license. This license is applicable only to private property and private docks and piers and is not valid for any public property, pier, or dock nor for any private property, pier, or dock operated for any commercial purpose whatsoever. This license shall not be in force unless displayed on the premises of the property and only entitles fishing without additional license to persons fishing from the licensed property and then only when fishing within the private property lines. This license is not transferable as to person or location. For purposes of this license, a guest is any individual invited by the landholder to fish from the property at no charge. A charge includes any fee, assessment, dues, rent, or other consideration which must be paid, whether directly or indirectly, in order to be allowed to fish from the property, regardless of the stated reason for such charge. *These provisions shall not apply to residents of the Cherokee Indian Reservation.*
