

The Conservationist Walkway

at the John E. Pechmann Fishing Education Center

Carve a name in stone and support fishing opportunities for anglers of all ages and abilities.

Purchasing a stone paver is a unique and lasting way to show your support for the John E. Pechmann Fishing Education Center. The center, located in Fayetteville, N.C., provides anglers of all ages and abilities with opportunities to learn about fish, fishing, aquatic ecology and conservation. Sale of the pavers will fund the Wildlife Conservationist Program, which helps support the aquatic programs conducted at the Pechmann Center, as well as fisheries outreach programs coordinated across the state through the center, including a mobile aquarium, kids' fish for fun events and a tackle loaner program. Pavers are set in the center's courtyard yearly during an annual installation ceremony, at which recipients will be invited to attend.

Pavers are available in three sizes. Prices are:

\$100 for one 6" x 9" paver and up to 48 characters including spaces

\$75 for one 6" x 6" paver and up to 40 characters including spaces

\$50 for one 3" x 6" paver and up to 20 characters including spaces

For additional information about the Conservationist Walkway, contact the N.C. Wildlife Resources Commission, Division of Inland Fisheries, 919-707-0220; email, faye.andrews@ncwildlife.org; website, www.ncwildlife.org.

Fill out the forms below and return, along with a check payable to the N.C. Wildlife Resources Commission to: N.C. Wildlife Resources Commission, 1702 Mail Service Center, Raleigh, N.C. 27699-1702.
