

Game Lands Some 2,000,000 acres of public and private lands in North Carolina are managed by the Wildlife Resources Commission for public hunting, trapping and inland fishing. They are designated collectively as “game lands.” Hunting on the Roanoke River National Wildlife Refuge is managed by the U.S. Fish & Wildlife Service and the N.C. Wildlife Resources Commission through a joint venture. Additional regulations apply to the Roanoke River National Wildlife Refuge. Individual maps are available online at www.ncwildlife.org.

GAME LANDS LICENSE The Game Lands License is required, in addition to the appropriate hunting or trapping license, to hunt, trap, train dogs or participate in field trials on any game land. (The Game Lands License is included with some lifetime or sportsman’s licenses.) A special permit may be required for some species on these areas. On field trials scheduled on game lands by the Wildlife Resources Commission, nonresidents in possession of hunting licenses from their own states and persons serving as judges, handlers, scouts or owners may participate without the license. Persons who are observing only at field trials do not need to have any license.

Hunting Seasons

Unless otherwise indicated for a particular game land, game animal and game bird seasons are the same as the private land surrounding the game land. For animals with no closed season (groundhogs, skunk, coyote, feral hogs, armadillo, etc.) hunting is allowed ONLY when another game animal or game bird is in season.

GAME LANDS RESTRICTIONS

Waterfowl Hunting

- On posted waterfowl impoundments, it is unlawful on the legal hunting days for hunters to be within the posted impoundment area before 4 a.m., and hunting is prohibited after 1 p.m.; decoys may not be set out prior to 4 a.m. and must be removed by 3 p.m. each day.
- Waterfowl blinds may be constructed on most game lands; however, they become public property and can be used by anyone on a first-come, first-served basis.
- Blinds on areas not owned by the state must be removed after the hunting season; and on some game lands, the property owners may prohibit construction of permanent hunting blinds by posting a sign at the entrances stating such restrictions.
- It is unlawful to hunt in or within 100 yards of a designated Disabled Sportsman’s Waterfowl Blind during the waterfowl season, except by a disabled access permit holder and his or her permitted companion or holders of applicable disabled waterfowl hunt permits.

During that time in which fox season is the only open season for a game animal, it is also unlawful to possess these weapons. The following exceptions, however, should be noted:
 - Possession is allowed on field-trial and designated target shooting areas and in camping areas for defense of person or property.
 - 22-caliber pistols with barrels, not greater than 7.5 inches in length and shooting only short, long or long rifle ammunition, may be carried as side arms on game lands at any time, except by hunters during the special bow-and-arrow and muzzle-loading firearms deer hunting season and on any game lands with regulations that prohibit the possession of handguns.

75 YEARS OF SUCCESS

The Federal Aid in Wildlife Restoration Act, commonly known as the Pittman-Robertson Wildlife Restoration Act, was signed by President Franklin D. Roosevelt in 1937. The Federal Aid in Sport Fish Restoration Act, commonly known as the Dingell-Johnson Sport Fish Restoration Act, was passed in 1950. Combined, these acts make up the Wildlife and Sport Fish Restoration program. This program is administered by the U.S. Fish and Wildlife Service and funded by excise taxes on firearms, archery equipment, ammunition, fishing tackle, boats, and outboard motors sold to sportsmen and women. To date the Wildlife and Sport Fish Restoration program has provided over \$10 billion to support fish and wildlife conservation in the United States, including over \$258 million to North Carolina. In 2012, the U.S. Fish and Wildlife Service will celebrate the 75th anniversary of the Wildlife and Sport Fish Restoration program.

North Carolina Wildlife Restoration projects include:

- Restoring white-tailed deer, wild turkey, and river otter.
- Managing wildlife populations statewide and habitat on 2 million acres of state game lands.
- Providing technical guidance to public and private landowners statewide to help them manage wildlife.
- Training more than 18,000 students annually in hunter education.

North Carolina Sport Fish Restoration projects include:

- Managing fish populations in the state's lakes, rivers, and streams and protecting these aquatic habitats.
- Managing more than 1,100 miles of trout streams with public access.
- Offering free public fishing opportunities at more than 100 Public Fishing Areas and Community Fishing Program sites.
- Providing access to public waters at more than 200 Boating Access Areas.
