### STATE FISH HATCHERIES

- It is unlawful to fish at any time in the waters or on the property of any state fish hatchery, including Bones Creek from the Lake Rim Dam to the U.S. 401 Bypass (Raeford Road), except McKinney Lake Reservoir at McKinney Lake State Fish Hatchery.

### Fishing on Game Lands

- A game lands license is not required to fish in any waters on game lands.
- All game lands are open to public fishing with the following exceptions:
  - Re-stocked ponds when posted against fishing
  - Grogan Creek in Transylvania County, which serves as a fish hatchery and water supply.
  - Hunting Creek Swamp Waterfowl Refuge in Davie County.
  - Private ponds where fishing may be prohibited by property owners.

### Special Regulations for Mountain Trout

- In all game lands ponds, forked-tail catfish may be taken only by hook and line, and the daily creel limit is six catfish for all species combined.
- The use of special fishing devices, including crab pots, is prohibited in designated waterfowl impoundments located on game lands. Exception: Nongame fish may be taken year-round with archery equipment (see page 41) from waterfowl impoundments located entirely on game lands other than the impounded waters on the Sandhills Game Land and Public Mountain Trout Waters.
- Blue crabs may be taken recreationally from designated waterfowl impoundments on game lands with hand-held lines with single baits and a collapsible crab trap with a maximum opening of 18 inches. The limit is 50 crabs per person, per day or 100 per vessel per day with a minimum carapace width of five inches (point to point).

*See page 22 for a definition of artificial lure and natural bait.
**Regulations for Mountain Trout**

Brook, brown and rainbow trout require cold, clean water and are therefore generally restricted to mountain streams and lakes. Those mountain waters that support trout and are open to public fishing are designated as “Public Mountain Trout Waters” by the Wildlife Resources Commission and are managed for public trout fishing. A significant amount of trout fishing opportunities in western North Carolina are located on private property. These landowners have generously allowed for public access for fishing. Please respect their property. Your cooperation is needed to protect fishing opportunities for future generations. The Commission conspicuously marks Public Mountain Trout Waters with regulation signs that indicate locations for public access. When anglers encounter “posted against trespass” signs along these designated sections on private lands, they should respect the property owner’s rights and choose another location along that stream to fish. Maps of trout water and their classifications may be viewed at ncwildlife.org/fishingmap.

**Fishing in Public Mountain Trout Waters**

- Fishing is limited to hook and line only.
- An artificial lure is defined as a fishing lure that neither contains nor has been treated with any substance that attracts fish by the sense of taste or smell.
- Natural bait is defined as any living or dead organism (plant or animal), or parts thereof, or prepared substances designed to attract fish by the sense of taste or smell.
- It is unlawful to take fish bait or bait fish from Public Mountain Trout Waters.
- It is unlawful to possess natural bait while fishing Wild Trout and Catch and Release waters, unless those waters are also specifically classified for use of natural bait.
- Dropper flies may be used when fishing any Public Mountain Trout Waters.
- It is unlawful to place hatchery-reared fish into Wild Trout Waters or move wild fish from one stream to another on game lands without prior written authorization.
- Information and regulations about trout fishing on game lands are listed on page 27.

**Trout Fishing in Undesignated Waters**

Some waters that are not designated as Public Mountain Trout Waters contain mountain trout. When fishing in undesignated waters, there is no size limit or bait restriction, and the creel limit is seven trout per day. A trout fishing license is not required to fish undesignated waters, and there is no closed season for fishing. However, trout may not be possessed or retained in the creel when fishing undesignated waters during the closed season for Hatchery Supported Trout Waters except on power reservoirs and municipal water supply reservoirs.

**Public Mountain Trout Waters**

Public Mountain Trout Waters are classified for management purposes as either “Hatchery Supported Trout Waters” or “Wild Trout Waters.” Hatchery Supported Trout Waters must be stocked periodically with trout to sustain angling. Wild Trout Waters are high-quality waters that sustain trout populations by natural reproduction. Some Public Mountain Trout Waters are specially regulated to meet specific management objectives. These are further classified as follows:

- “Catch and Release/Artificial Flies Only Trout Waters”
- “Catch and Release/Artificial Lures Only Trout Waters”
- “Delayed Harvest Trout Waters”
- “Special Regulation Trout Waters”
- “Wild Trout/Natural Bait Waters”

Some of these public trout waters are also classified as Mountain Heritage Trout Waters and are identified on page 27.

**Catch and Release/Artificial Flies Only Trout Waters**

These waters and their tributaries, except as noted, may be fished only with artificial flies having one single hook. No trout may be harvested or possessed while fishing these streams. These streams are marked with red-and-gold signs.

**Catch and Release/Artificial Lures Only Trout Waters**

These waters and their tributaries, except as noted, may be fished only with artificial lures having one single hook. No trout may be harvested or possessed while fishing these streams. These streams are marked with purple-and-gold signs.

**Delayed Harvest Trout Waters**

Delayed Harvest Trout Waters, excluding tributaries except as noted, may be fished only with artificial lures with one single hook, no natural bait may be possessed, and no trout may be harvested or possessed while fishing these waters between Oct. 1, 2014 and 30 minutes after sunset on June 5, 2015. These waters are closed to fishing between 30 minutes after sunset on June 5 and 6 a.m. on June 6. At 6 a.m. on June 6, 2015, these waters open to fishing for youths under 16 years old under Hatchery Supported Trout Waters regulations—no bait restriction, no minimum length limit and seven-trout-per-day creel limit. At 12 p.m. on June 6, 2015, these waters open for all anglers under Hatchery Supported Trout Waters regulations. These waters are marked with black-and-white signs.

**Hatchery Supported Trout Waters**

In Hatchery Supported Trout Waters there is no size limit or bait restriction, and the creel limit is seven trout per day. These waters are marked with green-and-white signs.

**Special Regulation Trout Waters**

These portions of Public Mountain Trout Waters, excluding tributaries except as noted, are subject to watercourse-specific, special regulations. These streams are marked with white-and-red signs.

**Wild Trout Waters**

In all Wild Trout Waters, the minimum length limit is seven inches and the creel limit is four trout per day. Only artificial lures with one single hook may be used. All Public Mountain Trout Waters located on game lands are Wild Trout Waters unless classified and posted otherwise. Wild Trout Waters are marked with blue-and-gold signs.

**Wild Trout/Natural Bait Waters**

These waters and their tributaries, except as noted, may be fished with artificial lures or natural bait, except live fish. Lures and natural baits are restricted to one single hook. The minimum length limit is seven inches, and the daily creel limit is four trout. These streams are marked with brown-and-gold signs.

**Mountain Heritage Trout Waters** Some Public Mountain Trout Waters running through or adjacent to certain cities or towns may be further classified as Mountain Heritage Trout Waters. Any license that provides trout fishing privileges may be used to fish on Mountain Heritage Trout Waters. Resident and nonresident anglers may instead purchase a three-day Mountain Heritage Trout Waters license valid only on Mountain Heritage Trout Waters. This license is $5 for both residents and nonresidents and can be purchased online at ncwildlife.org or by calling 888-248-6834, 8 a.m.–5 p.m., Monday – Friday. The following waters are classified as Mountain Heritage Trout Waters and listed by county, Mountain Heritage Trout City name and regulation type. The boundaries for Mountain Heritage Trout Waters are marked with signs posted conspicuously along the watercourses.

Did you know Eastern Hellbenders (a.k.a. “water dogs”) are harmless, nonvenomous, giant, crayfish-eating, aquatic salamanders that are indicators of good water quality and healthy streams? Did you know that thriving, diverse fish populations and healthy hellbender populations go hand-in-hand? The Wildlife Resources Commission wants to conserve this amazing mountain creature and needs your help. If you accidentally catch a hellbender on hook and line, please immediately release the animal at the spot of capture by carefully removing the hook if possible or cutting the line as close as possible. Let us know where you found a hellbender by calling 919-707-0050 so we can map their distribution. Thanks!

**Trout Fishing on Game Lands**

- Fishing hours in any trout waters located on game lands are from 30 minutes before sunrise to 30 minutes after sunset, except in the sections of the Nantahala River in Swain County located on Nantahala Game Land and the sections of Green River in Polk County located on Green River Game Land from the mouth of Cove Creek downstream to the natural gas pipeline crossing, where night fishing is allowed.

- All waters on the game lands listed below are Public Mountain Trout Waters and are classified as Wild Trout Waters, except as noted:
  - Three Top Mountain Game Land in Ashe Co.
  - Nantahala National Forest Game Land in Cherokee, Clay, Graham, Jackson, Macon, Swain and Transylvania counties, except Cheoah River downstream of Santeetlah Reservoir and Cherokee Lake.
  - Pisgah National Forest Game Land in Avery, Buncombe, Burke, Caldwell, Haywood, Henderson, McDowell, Mitchell, Transylvania and Yancey counties, except Grogan Creek, North Fork Catawba River downstream of the mouth of Armstrong Creek, Big Laurel Creek downstream from the U.S. 25-70 bridge to the French Broad River, Mill Ridge Pond, Nolichucky River, Pigeon River downstream of Waterville Reservoir to the Tennessee state line, and Spring Creek below USFS Road 223.
  - Dupont State Forest Game Land in Henderson and Transylvania counties, except Little River from 100 yards downstream of Hooker Falls downstream to the Dupont State Forest boundary, Lake Imaging, Lake Dense, Lake Alfred, Lake Julia, and Fawn Lake.
  - Thurmond Chatham Game Land in Wilkes Co.
  - Toxaway Game Land in Transylvania Co.
  - South Mountains Game Land in Cleveland and Rutherford counties.
  - Cold Mountain Game Land in Haywood Co.
  - Green River Game Land in Henderson and Polk counties, excluding Green River downstream of the natural gas pipeline crossing.

**Trout Fishing on the Blue Ridge Parkway** Angling opportunities on the Blue Ridge Parkway are managed by the National Park Service which establishes fishing regulations for parkway waters. The Wildlife Resources Commission aides with management by stocking catchable-size trout into the following waters:

Stone Mountain State Park 336-957-8185
Gorges State Park 828-966-9099

NONGAME FISH
Any fish not classified as a game fish is considered a nongame fish when found in inland fishing waters and includes shellfish and crustaceans.

Sale of Nongame Fish
- Nongame fish caught on hook and line, grabbling and by special fishing devices may be sold, subject to the following restrictions:
  1. Bowfin may not be sold.
  2. Blueback herring and alewife taken by any method in inland waters may not be sold, except for those fish less than six inches in length that are taken from Kerr Reservoir (Granville, Vance, and Warren counties).
  3. Eels less than nine inches in length taken from inland fishing waters may not be possessed or sold.
  4. In Lake Norman and Badin Lake the daily possession limit for blue catfish greater than 32 inches in length is one.
  5. Blue crabs taken from inland fishing waters with a line containing multiple baits may not be sold.
  6. Seasons and size and creel limits for gray trout are the same as those recreational limits established by Division of Marine Fisheries in adjacent joint and coastal fishing waters. For current limits, see portal.ncdenr.org/web/ml/recreational-fishing-size-and-bag-limits or call 252-726-7021 or 800-682-2632.
  7. Those listed under “Miscellaneous Prohibitions” on page 34.
  8. A special fishing license is required when taking nongame fish with special fishing devices and also subject to restrictions listed under “Special Fishing Devices,” on page 30, “Seasons and Waters” on pages 30–34, and “Fishing on Game Lands” on page 21.
- The sale of commercially raised nongame fish is regulated by the NC Department of Agriculture and Consumer Services.

Manner of Taking Nongame Fish
- Nongame fish may be taken by hook and line or by grabbling, no fish may be taken by snagging. Special devices may be used to take nongame fish with proper licenses (see “Special Fishing Devices,” page 30) in those counties and waters with open seasons (see “Seasons and Waters” pages 30–34).
- Nongame fishes may be taken year-round with archery equipment (see page 41) under any license that authorizes basic hunting or inland fishing privileges in waterfowl impoundments located entirely on game lands and in all inland fishing waters other than the impounded waters on the Sandhills Game Land, Public Mountain Trout Waters, and reservoirs with restrictions on taking grass carp listed on page 29.
- For special rules governing trotlines, see “Trotlines, Set-hooks and Jug-hooks” (page 18).
- Crab pots may not be used in inland fishing waters or in designated waterfowl impoundments located on game lands, except that persons owning property adjacent to the inland fishing waters of coastal rivers and their tributaries may set two crab pots attached to their property and a special device license is not required.
- Blue crabs may be taken recreationally with a single line with multiple baits without hooks (see restrictions under “Taking Nongame Fish, Crustaceans, and Mollusks for Bait or Personal Consumption” below).
