

Basic Rod Building Course- October 2018

Start Date: 10/16/2018 6:30 PM

End Date: 10/18/2018 9:00 PM

This course is free of charge and all tools and materials are provided. Students will learn the basic techniques necessary to assemble their own custom fishing rod. Each student will build a 6ft medium action spinning rod from an IM6 blank, which they may keep on completion of the course. Topics covered in this course include:

- Finding the rod spine
- Prepping guides and handles for installation
- Guide spacing
- Basic guide wraps
- Applying epoxy

The course will be limited to 15 students due to space limitations and pre-registration is required. Due to the length and complexity of this program, it is not recommended for youth under the age of 16 years old.

This workshop requires approximately 8 -10 hours to complete. Therefore it will be taught in 3 sessions on October 16th, 17th, and 18th, beginning at 6:30pm, each evening. Students will work at their own pace under with guidance from staff and volunteers. Epoxy will be applied to threads, as the final step and rods will need to dry overnight. They may be picked up beginning Friday, October 19th.

If you have any questions about this course, please contact the Center Director, Tom Carpenter at thomas.carpenter@ncwildlife.org or 910.868.5003 ext 11
