

Identifying Birds of Prey 9-29

Start Date: 9/29/2018 9:00 AM

End Date: 9/29/2018 12:00 PM

The hunting skills of birds of prey have always captured the imagination of nature lovers but few can identify the call of an Owl's hoot or recognize a hawk by its silhouette and screech. In this program you will learn these skills in the classroom and then put them into practice in the field. Come prepared for a light hike. Ages 10 and up. No younger siblings please because silence and patience is imperative when birding by ear.

Registration Instructions:

After selecting the program you would like to attend, click **Book Now** above.

Fill out billing information, number of attendees, and e-mail. Then click **Next Step>>** (below the Additional Information box).

Review your booking details and click **Submit Booking**.

A confirmation e-mail will arrive in your inbox if you completed the registration process correctly. If you do not receive a confirmation e-mail you are not registered. Please call the Center for additional help with
