All About Mountain Trout - Marion State Fish Hatchery (10/25/18) *M

Start Date: 10/25/2018 10:00 AM

End Date: 10/25/2018 3:00 PM

Please join me at the NC Wildlife Resources Commission Marion State Fish Hatchery , located at 645 Fish Hatchery Road, Marion, McDowell County, NC, for a workshop offering participants the opportunity to learn about and fish for mountain trout. The workshop will include information on trout life history, habitat needs, and trout management in NC, with an emphasis on Brook Trout conservation. Participants will learn about general spin-fishing and fly-fishing methods to catch trout, knot tying and fishing tips, and learn about trout regulations and how to find places to go fishing. Participants will also have the opportunity to fish for trout in one of the ponds located at the hatchery.

Due to limited equipment, each class will be restricted to the first 8 applicants. Participants should come prepared to be outdoors, so please bring a jacket, rain coat, sunscreen, etc. We'll have a great classroom to work out of with water and bathrooms, but please bring lunch and any snacks you might need. This workshop is suitable for formal and non-formal educators. NCEE credits (5 hours Criteria II or III) and CEU credits (0.5 hours) are available upon workshop completion. Ages 16and up.

Call or email me if you have questions or wish to sign-up.

Thanks!

Kevin
