

# Green Growth Toolbox Workshop hosted by the High Country Council of

**Start Date: 11/20/2018 8:45 AM**

**End Date: 11/20/2018 4:00 PM**

The High Country Council of Governments is hosting a

NC Wildlife Resources Commission Green Growth Toolbox workshop on November 20

at their office: 468 New Market Blvd. Boone

The Green Growth Toolbox ( [www.ncwildlife.org/greengrowth](http://www.ncwildlife.org/greengrowth)) was developed by the

N.C. Wildlife Resources Commission and is a non-regulatory technical assistance program for communities interested in conserving wildlife habitats and natural resources through land use planning methods. This type of proactive planning secures benefits for our communities, the future of our wildlife and economy, helps to protect working farms and forests, and helps to ensure that development permit requirements are met ahead of time

Those participating in the workshop will be eligible for American Planning Association and American Society of Landscape Architects continuing education credits. All participants will receive a free Green Growth Handbook that details priority wildlife habitats.
