

Hook, Line and Picture! How to Take Amazing Fishing Photos (Virtual) - N

Start Date: 11/12/2021 6:30 PM

End Date: 11/12/2021 8:00 PM

Did you really go fishing if you didn't photograph your catch? Well, yes - but a great photo helps you preserve that wonderful memory and share it with others!

Get the most out of your angling pictures when you join the John E. Pechmann Fishing Education Center for a course in taking better fish photos. It's harder than it seems! We'll dive into photography theory and techniques to help you best capture that phenomenal Kodak (or Instagram) moment.

Whether you're looking to preserve your angling memories or become a social media influencer, we'll cover everything you need to know, including:

- Photography basics that can be applied to any equipment or mobile device
- Proper fish handling for the best images
- Camera and phone settings
- Composition ideas
- Photography equipment and accessories
