

DIY Fishing - Fishing Lanyard Making Class - Dec. 11,2021

Start Date: 12/11/2021 12:00 PM

End Date: 12/11/2021 2:00 PM

Fishing lanyards are the lightest, most efficient way to carry fishing tools and equipment for fast access, particularly on hot days. Lanyards are used to help the angler carry and organize items such as; line nippers, fly boxes, forceps for hook removal, tippet material, hooks, and extra weights.

Come in and create your own fishing lanyard or create one as a great Holiday gift for any angler. This fun activity is a great way to spend time with the kids and create something special that sure is to get plenty of use over the years. This workshop is appropriate for anglers of all ages. All materials are supplied by the Pechmann Fishing Education Center free of charge.
