

# Virtual Fly-Tying Program - January 19th, 2022

**Start Date: 1/19/2022 6:30 PM**

**End Date: 1/19/2022 8:00 PM**

The Virtual Fly-tying Program provides tyers with an opportunity to increase their skills from the comfort of their home. Open to fly-tiers of all skill levels, the fly patterns change with each session as a way to encourage learning various tying techniques and development of tying skills. This session we will be tying "Bighorn Scud" and the "Gut Sack Sow Bug". These two patterns imitate crustaceans that are extremely abundant in tailwaters, spring creeks and other nutrient rich fresh water streams. These bugs are a large part of trout and other fishes diet where they are available. Participants registered for this program will be responsible for supplying their own materials. Below are the materials for each pattern:

## BH Scud

Hook: Mustad C49S, Size 14 (or similiar)

Thread: 8/0 uni, Gray

Body: Sow Scud Dubbing, Light Sow Bug

Rib: Silver Wire, Small

Back: Thin Skin, Tan & Black Fly Speck

## Gut Sack Sow Bug

Hook: Mustad S70NP-BR, Size 16

Thread: 8/0 Uni, Gray

Underbody: .030 Lead Wire

Body: SLF Dave Whitlocks Dubbing, Sowbug Gray

Flash: Krystal Flash, Black

Shell: UV Resin
