

Fly-fishing Basics: How to Read a Trout Stream - Virtual - January 11th, 2023

Start Date: 1/11/2023 6:00 PM

End Date: 1/11/2023 7:30 PM

Become one with the fish! Knowing how trout behave is truly one of the greatest keys to success for an angler.

In this course, we'll help you identify different parts of a stream to which trout relate for shelter, rest and food delivery. This basic information aids an angler in eliminating non-productive areas to increase their chances of angling success – aka, FISH ON!
