Currituck is an Algonquin Indian word that means "the land of the wild goose," and many outdoorsmen have discovered it’s not a fairy tale but rather the stuff of legend. Miles of unspoiled natural habitat, waters, marshes, and woods await you where the big dogs hunt, Currituck, NC.

PLEASE RECYCLE
A Message
FROM THE EXECUTIVE DIRECTOR

Dear Wildlife Stakeholders,

In August 2020, I began my tenure as Executive Director of the Wildlife Commission. Assuming a leadership role in the midst of a worldwide pandemic certainly presented a unique set of challenges. Witnessing agency staff across the state work diligently towards our mission, in spite of these challenges, reinforced what a professional group of dedicated public servants I have the pleasure of working with and the honor of leading.

Numerous studies have shown that immersion in the great outdoors can be beneficial for one’s health and well-being. The pandemic fueled the desire to escape into nature and we aim to take advantage of this opportunity, along with our citizens renewed and newfound interest in wildlife-associated recreation, by continuing to actively promote the great and vast opportunities that abound in North Carolina.

Results of our most recent annual deer harvest survey indicate participation was up, with hunters across the state reporting 169,973 deer harvested during the 2020–21 season—a 9.1 percent increase over the average harvest the last three seasons. There was also a significant increase in new anglers during this season. The increase in hunting, fishing, and overall participation in wildlife-associated recreation is an encouraging trend that we hope will continue in the future.

In working towards our mission to providing programs and opportunities that enable sportsmen and women and other outdoor enthusiasts to enjoy and participate in wildlife-associated recreation, substantial renovations were recently completed at the John Lentz Hunter Education Complex in Ellerbe, using funding reserves from the Wildlife Restoration Program and the Wildlife Endowment Fund. The complex now features three rifle and pistol ranges (25-yard, 50-yard and 100-yard) with 10 shooting stations each. All three ranges are equipped with baffles and covered shooting positions to ensure optimal safety for all users. Additionally, the complex now offers a static archery range and tower, a redesigned five-stand shotgun field, two combination skeet/trap fields and a 3D archery course. These renovations created a safer range environment and a more accessible facility for people of all abilities to comfortably practice their favorite shooting sport.

The Commission has a steadfast commitment to continue actively pursuing ways to increase public access to the great outdoors, while focusing efforts on conservation practices that provide North Carolina’s wildlife resources critical habitats needed to flourish. As we expand access, I encourage you to visit ncwildlife.org to learn more about the opportunities we offer across the state and plan your next adventure.

Sincerely Yours,
Cameron N. Ingram

What’s New
FOR THE 2021–2022 SEASON

As part of the Commission’s ongoing effort to keep you informed, we reserve this page of the digest each year to identify significant regulatory, legislative and agency-related changes that you should be aware of each season. Please note that the information found on this page is not a complete list of regulation changes. For your convenience, all regulation changes appear throughout the digest in RED.

Following is a list of significant changes for the 2021–2022 season:

Inland Fishing
- Public Mountain Trout Waters: Reduced regulatory complexity by combining the two-existing Public Mountain Trout Waters catch-and-release classifications (Catch and Release/Artificial Flies Only Trout Waters and Catch and Release/Artificial Lures Only Trout Waters) into a single classification, Catch and Release/Artificial Flies and Lures Only Trout Waters.
- Possession of Certain Fishes: It is now unlawful to possess, transport, purchase, sell, or stock an additional sixteen species of exotic fish, crayfish, and aquatic snail in the public or private waters or North Carolina.

Hunting
- Legal Archery Equipment for White-tailed Deer Hunting: Archery equipment utilizing an elastic string (slingbows) with a minimum pull of 40 pounds may now be used to take white-tailed deer.
- Federal Harvest Information Program (HIP): The federal HIP Certification which is needed to hunt Migratory Game Birds (waterfowl, doves, rails, gallinule, snipe and woodcock) will no longer be valid for 12 months from the date requested. The HIP Certification will be available July 1 each season and expire on June 30 each year. This change aligns the HIP Certification with the Migratory Game Bird hunting seasons.

Game Lands
- Sunday Hunting on Game Lands: Forty-five Six Days per week Game Lands were approved as Seven Days per Week Game Lands where hunting is allowed Monday through Sunday during open seasons. Six Three Days per Week Game Lands are now Four Days per Week Game Lands, where hunting is allowed Tuesday, Thursday, Saturday and Sunday during open seasons. The statutory limitations for Sunday hunting, prohibiting hunting with a firearm between 9:30 a.m. and 12:30 p.m., using firearms to hunt deer with the use of dogs, and hunting with a firearm within 500 yards of a place of worship or any accessory structure thereof will also apply on game lands. Additionally, hunting migratory game birds on Sunday is prohibited statewide.
- Goose Creek Game Land: Prohibit the pursuing or chasing of deer or bear with dogs for the purposes of training or hunting on the Beaufort County portion of Goose Creek Game Land except for that portion east of Smith Creek and south of Campbell Creek.

Trapping
- Remote Trap Checking: Allow for the use of remote trap checking systems in lieu of a physical trap check under specified conditions. See page 53.
- Trapping Live Foxes and Coyotes: A transportation permit is now needed prior to taking possession of live foxes and coyotes for live sale to licensed fox preserves. Other requirements are specified on page 52.
- Trapping on Game Lands: Clarified that food used by trappers may not be processed food products as defined in GS 113-294(r) and that certain feathers, hair, and bones do not need to be covered. See page 80 for requirements.
- Trapping on Game Lands: Clarifies that coyotes, armadillos, and groundhogs can be trapped on game lands during the regulated trapping season (November 1 through end of February). Clarifies that foxes can be trapped on game lands during the regulated trapping season in counties with a local law that authorizes fox trapping in that county. Establishes a closed trapping season on game lands from April 1 through October 31. See page 80.

License

General Information

The services that the North Carolina Wildlife Resources Commission provides to the public are financed primarily through the sales of licenses, which include hunting, fishing, trapping and other licenses. The various types of licenses sold by the Commission differ with respect to the activities they authorize, where and when the activities occur, and where the license-holder resides. This section provides some general information about these licenses, followed by detailed summaries of the various licenses available, the privileges they authorize and the associated fees. All licenses are nontransferable.

Purchasing Licenses

You can purchase a license for immediate use in four ways as listed below. A $2 transaction fee may be applied to your total order at time of purchase.

- Visit a wildlife service agent— Most licenses, including lifetime licenses, can be obtained from your local wildlife service agent. Be prepared to present your valid driver license or state identification card.
- Visit ncwildlife.org — Most licenses are available for purchase online using a computer or mobile device.
- Phone 888-248-6834—Have a pen, paper, VISA or MasterCard, and NCWRC customer number handy.
- All licenses may be obtained directly from the Wildlife Resources Commission in person at NCSU Centennial Campus, 1751 Varsity Drive, Raleigh, N.C. or by mail at NCWRC, 1707 Mail Service Center, Raleigh, N.C. 27699-1700.

Disabled Licenses

Disabled licenses and permits are available to North Carolina residents and must be obtained directly from the Wildlife Resources Commission. The Commission does not honor disabled licenses or permits from other states. To learn more about disabled licenses or to obtain an application, visit ncwildlife.org, call 888-248-6834, or write NCWRC, 1707 Mail Service Center, Raleigh, N.C. 27699-1700.

Replacement Licenses

To replace a license that becomes worn, lost or destroyed, call 888-248-6834, go to ncwildlife.org, or visit a wildlife service agent. A $5 fee is charged for the replacement license. A $2 transaction fee may be applied to your total order at time of purchase.

License Information

For more information on licenses, obtaining license applications or obtaining a list of wildlife service agents nearest you, visit ncwildlife.org, or call 888-248-6834.

Reciprocal Fishing License Agreements

A reciprocal fishing license agreement is in effect between North Carolina and each of the states listed below. The agreement provides for the following: All statewide hook-and-line fishing licenses obtainable from either North Carolina or the respective state are honored on certain boundary waters as noted:

- **Georgia**
  - The agreement with Georgia covers fishing from boats not anchored to the shore or to a pier or boat dock connecting to the shore on Chatuge Reservoir including all tributaries that are accessible by boat from the main body of the reservoir.

- **Tennessee**
  - The agreement with Tennessee covers the state-line portion of Slick Rock Creek and Calderwood Reservoir.

- **Virginia**
  - The agreement with Virginia covers boat fishing the Dan River east of the Union Street Dam in Danville, the Staunton River east of the mouth of Difficult Creek, and Kerr and Gaston reservoirs and their tributaries that are accessible by boat. The agreement also covers that portion of the New River between the confluence of the North and South forks of the New River in North Carolina (Alleghany County) and the confluence of the New and Little rivers in Virginia (Grayson County).

- **South Carolina**
  - No reciprocal agreements exist between North Carolina and the state’s fishing licenses on any boundary waters.

License Requirements and Exceptions

License Identification Requirements

To show entitlement to a license issued by the Wildlife Resources Commission, anyone exercising the privileges conveyed by the license shall carry a picture identification card and show it to any wildlife enforcement officer upon request. The picture identification card should include the license-holder’s correct name, address and date of birth. (A North Carolina Driver License or Department of Motor Vehicles identification card is acceptable.)

Residency Definitions and Requirements

**Resident**

You are considered a resident if you have resided in the state for six months or have been domiciled (established a permanent residence) for 60 days. When residency is used to establish eligibility, applicants must complete a Certificate of Residency, available from a wildlife service agent or the Wildlife Resources Commission, certifying that they have maintained residence in a county of the state for at least 60 days with the intent to reside there permanently. Individuals claiming residency in another state cannot claim to be a resident in N.C. regardless of whether they own property, pay property tax, pay utility bills, etc., in N.C. Residency can only be established in one state.

**Students**

Nonresident students may purchase a resident license while attending a university, college or community college in North Carolina. When purchasing your license from a wildlife service agent, you must show your valid student identification.

**Military Stationed In N.C.**

Nonresident members of the U.S. Armed Forces (including their spouses and children under 18) who are stationed in the state are deemed residents of the state and of the counties in which they reside for the purpose of purchasing resident licenses.

**Military Stationed Outside N.C.**

Members of the U.S. Armed Forces on active duty outside of North Carolina shall be deemed an individual resident of the State for the purpose of purchasing short-term and annual hunting, fishing and trapping licenses.

**Nonresident**

Nonresident status applies to anyone who does not live in the state of North Carolina, with the exceptions noted above (students and military).

Hunter Education Course Requirement

Except as specified below, on or after July 1, 2013, a person, regardless of age, may not purchase a hunting license in this state without producing one of the following: a hunter education certificate of competency, a N.C. hunting license issued prior to July 1, 2013.

A person who wishes to purchase a lifetime license need not comply with the requirements above in order to purchase that license, so long as the person does not hunt unless they have successfully completed the hunter education course or they are accompanied by an adult at
Shhhhh. No wake zone.

Protect your baby (and their toys) with coverage for fishing gear and personal property too.

least 18 years of age who is licensed to hunt in N.C. and that the licensed adult maintains a proximity to the hunter, which enables the adult to monitor the activities of the hunter by remaining within sight and hearing distance at all times without the use of electronic devices.

Hunter education courses are offered in all 100 counties and online with a required review and test day (field day) for completion. For more information visit ncwildlife.org/HunterEd, call 919-707-0031, or write to the NCWRC Wildlife Education Division, 1712 Mail Service Center, Raleigh, N.C. 27699-1700.

Hunting Heritage Apprentice Permit
This permit is free of charge and is required to be obtained at the time a hunting license is purchased. For those who have not held a N.C. hunting license prior to July 1, 2013 or who have not satisfactorily completed the hunter education course requirements. This permit authorizes the permittee to hunt if accompanied by an adult at least 18 years of age who is licensed to hunt in this State, or if accompanied by an adult landholder or the landholder’s spouse exempted from the hunting license requirement as defined by law, provided the licensee is hunting on the landholder’s land. “Accompanied” means that the licensed adult maintains a proximity that enables the adult to monitor the activities of the apprentice by remaining within sight and hearing distance at all times, without use of electronic devices. This permit is valid only for the term of the hunting license purchased under the authority of the permit.

Big Game Harvest Report Card Requirement
Big game harvest report cards always expire on June 30 of each year. If your hunting license and big game hunting privilege license are still valid after the big game harvest report card expires, you may obtain a replenishment card from either the Wildlife Resources Commission or any wildlife service agent. Lifetime license-holders may also obtain the big game harvest report card by going online at ncwildlife.org/lifetime, calling 888-248-6834, or visiting a wildlife service agent. Persons exempt by law from the big game hunting license must obtain a “License-Exempt Big Game Harvest Report Card” for license-exempt hunters from a wildlife service agent or by calling 888-248-6834. Replenish and exempt big game harvest report cards are issued at no charge when obtained directly from the Wildlife Resources Commission. Those issued at a wildlife service agent location are subject to a $2 transaction fee. Big Game Harvest Report Cards may be purchased from July 1 until the close of bear season and expire on June 30 of each year. For more information on the Bear Management E-Stamp, refer to page 17.

HIP Certification Requirement
All licensed hunters hunting migratory game birds (ducks, rails, woodcocks, gallinule, snipes or waterfowl) in North Carolina are required to have a certificate of participation in the federal Harvest Information Program (HIP). The HIP Certification is available from July 1 to April 1 and expires June 30 each year. This certification can be obtained online at ncwildlife.org, by calling 888-248-6834, or visiting a wildlife service agent. HIP certifications are issued at no charge when obtained directly from the Wildlife Resources Commission. Those issued validated for the appropriate animal. For more information on big game reporting, refer to the “Big Game Harvest and Reporting” section on page 59.

Bear Management E-Stamp
Hunters must procure a Bear Management E-Stamp before taking any bear within the state. Individuals who purchased a lifetime license with big game privileges prior to July 1, 2014 and those individuals exempt from the hunting license requirement, unless otherwise specified, may obtain a Bear Management E-Stamp at no charge directly from the Wildlife Resources Commission. Those issued at a wildlife service agent location are subject to a $2 transaction fee. Bear Management E-Stamps may be purchased from July 1 until the close of bear season and expire on June 30 of each year. For more information on the Bear Management E-Stamp, refer to page 17.
at a wildlife service agent location are subject to a $2 transaction fee. Persons exempt by law from the hunting license requirement are not required to obtain the HIP certification.

Federal Duck Stamp
In addition to the North Carolina waterfowl privilege, waterfowl hunters 16 years of age and older are required to carry, on their person, the federal duck stamp, signed in ink across the face. The federal duck stamp expires June 30 of each year. Stamps may be ordered from July 1 to April 1 each year online at ncwildlife.org, by calling 888-248-6834, or by visiting a wildlife service agent. At the time of purchase, the customer will be provided a proof-of-purchase receipt for a Federal Duck E-Stamp which authorizes the same privileges as the physical duck stamp for up to 45 days or until the physical stamp is received in the mail. Refer to page 17 for more information.

Exceptions to License Requirements

General
- A landowner or person leasing land primarily for cultivation, their spouse, and dependents under 18 residing with them, may hunt, trap and fish on such land without a license.
- A resident of this state who is a member of the U.S. Armed Forces serving outside N.C., or who is on full-time military duty outside the state in a reserve component of the U.S. Armed Forces is exempt from hunting, inland and coastal fishing license requirements while on leave in this state for 30 days or less. When hunting or fishing under this exemption you must carry, on your person, your military ID card and a copy of the official document confirming you are on leave from a duty station outside of N.C. Individuals hunting bear must purchase a Bear Management E-Stamp. You must also comply with all reporting and hunter safety requirements as mandated by the Commission and purchase a federal duck stamp if waterfowl hunting.
- Individuals exempt from the requirements of a hunting license must obtain a License-Exempt Big Game Harvest Report Card when hunting deer, bear or wild turkey. Those hunting bear must also obtain a Bear Management E-Stamp. Individuals exempt from hunting and fishing license requirements must adhere to designated seasons and limits.
- Youth under age 16 are exempt from the requirement of a hunting license provided they comply with the following:
  » Youth who have not obtained a Certificate of Competency showing their completion of the hunter safety course must be accompanied by a properly licensed adult when hunting.
  » Youth who have obtained a Certificate of Competency, may hunt without being accompanied by an adult, but must carry their certificate while hunting.
- Youth exempt from the hunting license requirement must obtain a License-Exempt Big Game Harvest Report Card when hunting deer, bear or wild turkey.
- Youth hunting bear must also obtain a Bear Management E-Stamp.
- Youth under age 16 are exempt from the requirement of a trapping license.

Fishing
- Youth under age 16 are exempt from the requirement of any fishing license.
- All licenses that authorize inland fishing include fishing in any waters on game lands or Wildlife Conservation Areas.
- An inland fishing license is not required to fish in a private pond. A private pond is a body of water arising within and lying wholly upon the lands of a single owner or a single group of joint owners or tenants in common, and from which fish cannot escape, and into which fish of legal size cannot enter from public waters at any time. A pond or lake located on land owned by a public body such as a state-supported university or a governmental entity is not a private pond.
- July 4th is declared “Free Fishing Day,” and a fishing license is not required in any public waters, including Coastal and trout waters, on this date.
- Residents with a valid Unified Subsistence Inland/Coastal Recreational Fishing License Waiver are exempt from the requirement of a inland and coastal recreational fishing license.

**FISHING LICENSES**

Following is a list of short-term, annual and lifetime fishing licenses. These licenses include fishing in joint waters. Note: Individuals 16 years of age or older using any type of bait or gear to catch finfish while fishing in North Carolina’s public waters must possess a valid North Carolina fishing license. This license requirement does not apply to private ponds. Individual residents who receive Food Stamps, Medicaid or Work First Family Assistance may obtain a written waiver (Annual Subsistence License Waiver) from this fishing license requirement through the county Department of Social Services. A $2 transaction fee may be added to your total order (NCGS 113-270.1B).

**Hunting Heritage Apprentice Permit:** This permit is needed to purchase a hunting license by those who have not held a N.C. hunting license prior to July 1, 2013 or who have not satisfactorily completed the hunter education course requirements. This permit authorizes the permittee to hunt if accompanied by an adult at least 18 years of age who is licensed to hunt in this state, or if accompanied by an adult landholder or spouse exempted from the hunting license requirement as defined by law, provided the licensee is hunting on the landholder’s land. “Accompanied” means that the licensed adult maintains a proximity that enables the adult to monitor the activities of the apprentice by remaining within sight and hearing distance at all times, without use of electronic devices. This permit is valid only for the term of the hunting license purchased under the authority of the permit.

Disabled Sportsman Program

INFORMATION

General Information
The Wildlife Resources Commission has established increased access and opportunities for persons with disabilities to hunt on agency game lands and other lands. A brief description and the qualifications for each are provided below. To obtain an application, visit ncwildlife.org, call 888-248-6834, or write to NCWRC, Disabled Sportsman Program, 1707 Mail Service Center, Raleigh, N.C. 27699-1700. For specific information on disabled hunt opportunities, visit ncwildlife.org/PermitHunt.

Disabled Access Permit
The Disabled Access Permit authorizes persons with limited physical mobility to operate vehicles, including ATVs, on any Commission-maintained road open for vehicular travel only, those trails posted for vehicular travel and on open gated or ungated roads, otherwise closed to vehicular traffic on game lands listed in the Disabled Access Program, and allows access to special hunting blinds designated for hunters with disabilities. See page 81 for a list of game lands or designated areas within a game land in which this permit is valid. This permit does not allow operation of vehicles on closed roads on game lands unless the game land is listed in the Disabled Access Program. The disabled hunter will be issued a companion and vehicle access card. One companion may accompany the disabled hunter, provided that person possesses the companion card. This permit is valid as long as the qualifying disability persists. This permit is not a license. It does not authorize hunting, fishing, or trapping activities. There is no fee associated with this permit.

Qualifications
Competent medical evidence must be submitted indicating that a disability exists that limits physical mobility, to the extent that normal utilization of the game lands is not possible without vehicular assistance.

Within the national forests in North Carolina, off highway vehicles (OHVs) are permitted only on designated routes. For more information about areas managed by the U.S. Forest Service, including the Nantahala, Pisgah, Croatan and Uwharrie National Forests, visit fs.usda.gov/activity/nfsvc/recreation/ohv.

Disabled Sportsman Hunt Certification
The Disabled Sportsman Hunt Certification is a medical certification used to establish eligibility for participation in disabled hunt opportunities. This certification is only necessary when the applicant does not possess a lifetime disabled veteran or totally disabled license. This certification is not a license; therefore, a valid hunting license, in addition to the hunt permit, is required when participating in a disabled hunt opportunity. There is no fee for this certification. For a list of disabled hunt opportunities, visit ncwildlife.org/PermitHunt.

Qualifications
Medical certification in one of the following disabilities:

- Missing fifty percent (50 percent) or more of one or more limbs, whether by amputation or natural causes;
- Paralysis of one or more limbs;
- Dysfunction of one or more limbs rendering the individual unable to perform the task of grasping and lifting with the hands and arms or unable to walk without mechanical assistance, other than a cane;
- Disease, injury or impairment confining the individual to a wheelchair, walker or crutches;
- Legal deafness.

This certification shall remain valid as long as the qualifying disability persists.

INFORMATION

Lifetime Hunting, Trapping, and Inland Fishing Licenses
Lifetime hunting, trapping, and inland fishing licenses are a great deal for sportsmen. Purchasing a lifetime license saves you money over the years, may be charged to a VISA or MasterCard, and supports North Carolina’s rich wildlife heritage. Funds from lifetime license sales are deposited directly into the Wildlife Endowment Fund, which supports wildlife conservation programs.

Several types of lifetime licenses are available as noted under the “License Information” section beginning on page 8. Lifetime sportsman and lifetime comprehensive hunting licenses include big game hunting and the state waterfowl privilege. Some lifetime licenses are sold only to residents of North Carolina. However, nonresidents may purchase the nonresident lifetime sportsman license. Lifetime licenses may also be personalized for an additional $5 fee (some exclusions apply). There are no residency restrictions for the infant and youth lifetime licenses. You may also give a lifetime license as a gift. All of these licenses are good for the life of the license-holder. Even if you move out of North Carolina, you can use the license anytime you return to the state.

Note: Lifetime hunting licenses do not authorize trapping. Lifetime or annual trapping licenses must be purchased separately.

Lifetime licenses can be purchased at your local wildlife service agent, online at ncwildlife.org, by phone 888-248-6834 or by mail from the Wildlife Resources Commission. Please note that infant and youth lifetime licenses require a copy of the birth certificate; these two licenses cannot be purchased online or by phone. Disabled licenses must be purchased by mail or in person at NCWRC Headquarters. A $2 transaction fee may be applied to your total order at time of purchase. To obtain a lifetime license application visit ncwildlife.org or call 888-248-6834.

Tax Deductible Contributions to the Wildlife Endowment Fund
Donations to the Wildlife Endowment Fund are deductible from your taxable income. Donations can be made directly to the fund, as a bequest from a will or as a memorial gift to honor a deceased friend or family member. The fund can also be named as a beneficiary to a life insurance policy. When making a memorial donation, include the name and address of the donor(s) as well as the name of the person(s) being remembered. A card will be sent to the donor acknowledging the contribution. For additional information, visit ncwildlife.org/GiveDonate.
Inland Fishing Regulations
AND INFORMATION

General Information
Both the Wildlife Resources Commission and the Division of Marine Fisheries have licensing, management and regulatory authority in certain waters along the coast of North Carolina. These waters are designated as inland, joint and coastal waters. The Wildlife Resources Commission has jurisdiction in inland waters, and the Division of Marine Fisheries has jurisdiction (except that pertaining to inland game fishes) in coastal waters. Both agencies have licensing and regulatory authority in joint waters.

The boundaries between inland, joint and coastal fishing waters are prominently marked with metal signs posted adjacent to the affected waters. A list of these waters, with their boundaries indicated, is available at http://ncwildlife.org/coastal-joint-inland-waters.

Inland Game Fish

The following fishes are designated as inland game fish:

- Black bass (largemouth, smallmouth, spotted, Alabama, and redeye)
- Crappie (white and black)
- Sunfish (bluegill, redbreast sunfish (robin), redbreast sunfish (shellcracker), pumpkinseed, warmouth, green sunfish, Roanoke bass, rock bass, flier, and all other species of the family Centrarchidae)
- Mountain trout (including but not limited to brook, brown and rainbow trout)
- Kokanee salmon
- Walleye
- Sauger
- Pickerel (chain or “jack”, and redfin)
- Muskellunge
- White bass, in inland waters
- Bodie bass (striped bass hybrid), in inland waters
- Striped bass, in inland waters
- American shad and hickory shad, in inland waters
- White perch, in inland waters
- Yellow perch, in inland waters
- Spotted sea trout, in inland waters
- Flounder, in inland waters
- Red drum (channel bass, red fish and puppy drum), in inland waters
- Black bullhead, brown bullhead, flat bullhead, snail bullhead, white catfish, and yellow bullhead, in inland waters

How to Measure a Game Fish

The harvest of many game fish species is regulated by length limits. Fish length is determined by measuring along a straight line (not along the curvature of the body) the distance from the tip of the closed mouth to the tip of the compressed caudal (tail) fin.

Special Regulations for Joint Fishing Waters

- It is unlawful to possess striped bass or Bodie bass (striped bass hybrid) regardless of size in the joint waters of the Central-Southern Striped Bass Management Area.
- It is unlawful to possess striped bass or Bodie bass (striped bass hybrid) from May 1 through Sept. 30 in the joint waters of the Albemarle Sound Striped Bass Management Area.
- It is unlawful to possess striped bass or Bodie bass (striped bass hybrid) less than 18 inches in length.
- It is unlawful to possess more than one daily creel limit of striped bass or Bodie bass (striped bass hybrid), in combination, per person per day, regardless of the number of management areas fished.
- It is unlawful to possess striped bass or Bodie bass (striped bass hybrid) that are not in agreement with size and creel limits of the waters being fished, regardless of other management areas that may have been fished that day.

Otherwise, in joint fishing waters, commercial fishing including commercial trotlines is subject to the coastal fishing laws and regulations; inland game fish and hook-and-line fishing exclusive of commercial trotlines—are subject to the inland fishing laws and regulations.

- It is unlawful to net fish for striped bass or Bodie bass (striped bass hybrid) in joint waters except as authorized by rules of the Marine Fisheries Commission.
- It is unlawful to use seines, gill nets or trawl nets in the Lake Mattamuskeet canals.
- It is unlawful to use any net, net stakes, or electrical fishing device within 800 feet downstream of the dam at Lock No. 1 on the Cape Fear River.
- It is unlawful to possess more than 10 American or hickory shad in aggregate, per person per day, taken by hook-and-line. See page 30 for the daily creel limits for American and hickory shad in inland waters. For the current daily creel limits for American shad in joint and coastal waters, see portal.ncdenr.org/web/mf/recreational-fishing-size-and-bag-limits.

**Bass Identification Chart**

**Largemouth Bass**
Found statewide
- Upper jaw extends beyond eye
- Deep notch between fins
- No scales at base of fin
- Horizontal band
- No patch of teeth on tongue*

**Smallmouth Bass**
Found west of I-77 & in the Uwharrie and Dan rivers
- Upper jaw does not extend beyond back of eye
- Three dark bars radiate from eye
- Shallow notch between fins
- Scales at base of fin
- Vertical bars
- No patch of teeth on tongue

**Spotted Bass**
Found west of I-77 & in the Cape Fear River Basin
- Upper jaw extends to back of eye
- 70 or fewer scales along the lateral line
- Shallow notch between fins
- Scales at base of fin
- Horizontal streaks
- One patch of teeth on tongue*
- Horizontal band

**Alabama Bass**
Found west of I-77 & in the Yadkin-Pee Dee & Roanoke River Basins
- Upper jaw extends to back of eye
- 71 or more scales along the lateral line
- Shallow notch between fins
- Scales at base of fin
- Horizontal streaks
- One patch of teeth on tongue*
- Horizontal band

**Morone Identification Chart**

**Striped Bass**
- Body slender, less than 1/3 length
- Stripes distinct and usually continuous
- Two patches of teeth on tongue

**Bodie Bass** (striped bass hybrid)
- Body deep, more than 1/3 length
- Stripes distinct and usually broken
- Two patches of teeth on tongue

**White Bass**
- No membrane between dorsal fins
- Stripes often broken below lateral line and not as bold as those on a striped bass
- Deep bodied
- 12 anal rays
- One patch of teeth on tongue

**White Perch**
- Dorsal fins joined by a membrane
- Silvery sides lack dark stripes
- Tail narrower than white bass
- 8 or 9 anal rays
- No patch of teeth on tongue

* Largemouth bass X spotted bass and smallmouth bass X spotted bass hybrids may have a small patch of teeth on the tongue.

Additional information on these and other species can be found at ncwildlife.org/fishing
**Manner of Taking**
- Inland game fish may be taken only with a hook and line.
- Landing nets may be used to land fishes caught on a hook and line.
- It is unlawful to snag fish by pulling or jerking a device equipped with one or more hooks through the water for the purpose of impaling fish.
- For special rules governing trotlines, see "Trotlines, Set-hooks and Jug-hooks" (page 42).
- American and hickory shad may be taken with bow nets from March 1 through April 30 in those counties and waters with open seasons for the use of bow nets (see "Seasons and Waters" pages 43–45) and are subject to daily creel limits (see page 30).
- In the inland waters of the Roanoke River upstream of the U.S. 258 bridge, only a single barbless hook or a lure with a single barbless hook may be used from April 1 to June 30. "Barbless" means that the hook either does not have a barb or that the barb is bent down. Tandem rigs are prohibited.
- White perch may be taken when captured in a cast net being used to collect nongame fishes in all impounded waters west of I-95 and in the Tar River Reservoir (Nash Co.) except in waters in and west of Haywood, Buncombe and Rutherford counties where it is unlawful to possess, transport or release live White perch.

**Possession and Use of Game Fish**
- It is unlawful to take more than the daily creel limit of any inland game fish having a specified creel limit in any one day.
- It is unlawful to possess more than the daily creel limit while fishing, boating or afield; or to possess at any place more than three days' creel limit.
- It is unlawful to possess fish whose size, creel or season restrictions are not in compliance with the regulations on the waters being fished.
- It is unlawful, while fishing, to change the appearance of fish subject to size limits or daily creel limits or remove the head and/or tail from fish that are regulated by a size limit so that they may not be measured and/or identified.
- It is unlawful to unnecessarily destroy any inland game fish taken from public fishing waters.
- Inland game fish may be used as bait if they are legally taken and meet the size and creel limits of the waters being fished and other regulations.

**Seasons**
There are no closed seasons on inland game fishes with the following exceptions:
- In Hatchery Supported Trout Waters, where the season for all fishes is closed and fishing is prohibited from March 1 until 7 a.m. on the first Saturday in April. This closed season for fishing does not apply to power reservoirs or municipal water supply reservoirs.
- On U.S. Fish and Wildlife Service National Wildlife Refuges, where federal regulations apply. See page 58 for a list of refuges and contact information.
- On the Roanoke River, where the striped bass season is closed from May 1 to the end of February from the Roanoke Rapids Dam downstream to the mouth of the river at Albemarle Sound, unless changed by proclamation of the Executive Director of the Wildlife Resources Commission.
- In the Central-Southern Striped Bass Management Area where possession of striped bass and Bodie bass (striped bass hybrid) is prohibited, unless changed by proclamation of the Executive Director of the Wildlife Resources Commission.
- Fishing is prohibited from Feb. 15 to April 15 in the Linville River from the mouth, as marked at Lake James, upstream to the N.C. 126 bridge.
- Seasons and size and creel limits for spotted sea trout, flounder, and red drum are the same as those recreational limits established by the Division of Marine Fisheries in adjacent joint and coastal fishing waters. For current limits, see portal.ncdenr.org/web/mf/recreational-fishing-size-and-bag-limits or call 252-726-7021 or 800-682-2632.
Regulations for Warmwater Game Fish

State waters are classified as: inland, joint and coastal (see "General Information" on page 24). These state waters are collectively referred to as public fishing waters. Certain fishes, including largemouth bass, crappie and mountain trout are designated inland game fish and under the jurisdiction of the Wildlife Resources Commission in all public waters; whereas, other species, including striped bass, white and yellow perch, flounder and red drum, are designated as inland game fish only in inland waters (see list on page 24).

Regulations for Mountain Trout

Brook, brown and rainbow trout require cold, clean water and are therefore generally restricted to mountain streams and lakes. Those mountain waters that support trout and are open to public fishing are designated as “Public Mountain Trout Waters” by the Wildlife Resources Commission and are managed for public trout fishing. A significant number of trout fishing opportunities in western North Carolina are located on private property. These landowners have generously allowed public access for fishing. Please respect their property. Your cooperation is needed to protect fishing opportunities for future generations. The Commission conspicuously marks Public Mountain Trout Waters with regulation signs that indicate locations for public access. When anglers encounter "posted against trespass" signs along these designated sections on private lands, they should respect the property owner’s rights and choose another location along that stream to fish. Maps of trout water and their classifications may be viewed at [ncwildlife.org/trout](http://ncwildlife.org/trout).

* *See page 32 for a definition of artificial lure and natural bait*
Fishing in Public Mountain Trout Waters

- Fishing is limited to hook and line only.
- An artificial lure is defined as a fishing lure that neither contains nor has been treated with any substance that attracts fish by the sense of taste or smell.
- An artificial fly is defined as one single hook dressed with feathers, hair, thread, tinsel, rubber, or any similar material to which no additional hook, spinner, spoon or similar device is added.
- Natural bait is defined as any living or dead organism (plant or animal), or parts thereof, or prepared substances designed to attract fish by the sense of taste or smell.
- A single hook is defined as a fish hook with only one point.
- It is unlawful to take fish bait or bait fish from Public Mountain Trout Waters.
- It is unlawful to possess natural bait while fishing Wild Trout and Catch and Release from Public Mountain Trout Waters.

Dropper flies may be used when fishing any Public Mountain Trout Waters.

**Trout Fishing in Undesignated Waters**

Some waters that are not designated as Public Mountain Trout Waters contain mountain trout. When fishing in undesignated waters, there is no size limit or bait restrictions and the creel limit is seven trout per day, with no closed season.

Public Mountain Trout Waters

Some Public Mountain Trout Waters are managed for self-sustaining trout populations, while others have to be stocked periodically to provide a fishery. Public Mountain Trout Waters are as follows:

- “Catch and Release/Artificial Flies and Lures Only Trout Waters”
- “Delayed Harvest Trout Waters”
- “Hatchery Supported Trout Waters”
- “Special Regulation Trout Waters”
- “Wild Trout Waters”
- “Wild Trout/Natural Bait Waters”

Some of these public trout waters are also classified as Mountain Heritage Trout Waters and are identified on pages 38–39.

**Class Definitions**

**CATCH AND RELEASE/ARTIFICIAL FLIES AND LURES ONLY TROUT WATERS**

These waters and their tributaries, except as noted, may be fished only with artificial flies and lures having one single hook. No trout may be harvested or possessed while fishing these streams. These streams are marked with red- and yellow-signs.

**DELAYED HARVEST TROUT WATERS**

Delayed Harvest Trout Waters, excluding tributaries except as noted, may be fished only with artificial lures with one single hook, no natural bait may be possessed, and no trout may be harvested or possessed while fishing these waters between Oct. 1 and 30 minutes after sunset on the Friday before the first Saturday of the following June. At 12 p.m. on the first Saturday of June, these waters open for all anglers under Hatchery Supported Trout Waters regulations. These waters are marked with black-and-white signs.

**HATCHERY SUPPORTED TROUT WATERS**

In Hatchery Supported Trout Waters there is no size limit or bait restriction, and the creel limit is seven trout per day. These waters are marked with green-and-white signs.

**SPECIAL REGULATION TROUT WATERS**

These portions of Public Mountain Trout Waters, excluding tributaries except as noted, are subject to watercourse-specific, special regulations. These streams are marked with white-and-red signs.

**WILD TROUT WATERS**

In all Wild Trout Waters, the minimum length limit is seven inches and the creel limit is four trout per day. Only artificial lures with one single hook may be used. All Public Mountain Trout Waters located on game lands are Wild Trout Waters unless classified and posted otherwise. Wild Trout Waters are marked with blue-and-yellow signs.

**WILD TROUT/NATURAL BAIT WATERS**

These waters and their tributaries, except as noted, may be fished with artificial lures or natural bait, except live fish. Lures and natural baits are restricted to one single hook. The minimum length limit is seven inches, and the daily creel limit is four trout. These streams are marked with brown-and-yellow signs.

Nongame Fish

Any fish not classified as a game fish is considered a nongame fish when found in inland fishing waters and includes shellfish and crustaceans.

Manner of Taking Nongame Fish

- Nongame fish may be taken by hook and line, including trotlines, set-hooks, and jug-hooks, or by grabbing; no fish may be taken by snagging. For special rules governing trotlines, set-hooks, and jug-hooks, see page 42.
- Nongame fish may be taken with certain special devices for personal use (bait or personal consumption) using any valid license that provides inland fishing privileges. See restrictions under “Taking Nongame Fish, Crustaceans, and Mollusks for Personal Use” below.
- Nongame fishes may be taken with archery equipment (see page 54) under any license that authorizes hunting or fishing privileges. See restrictions under “Archery Equipment” on page 42.
- Special devices (see “Special Fishing Devices” pages 42–43) may be used to take nongame fish with a Special Fishing Device License (see page 14) in those counties and waters with open seasons (see “Seasons and Waters” pages 43–45).
- Crab pots may not be used in inland fishing waters or in designated waterfowl impoundments located on game lands, except that persons owning property adjacent to the inland fishing waters of coastal rivers and their tributaries may set two crab pots attached to their property and a special device license is not required.
- In Public Mountain Trout Waters, the season shall be the same as the trout-fishing season.
- Information and regulations about fishing on game lands are listed on page 45.
- Information and regulations about fishing in the waters or on the property of a state fish hatchery are listed on page 45.

Taking Nongame Fish, Crustaceans, and Mollusks for Personal Use

- Nongame fishes, crustaceans (crayfish and blue crabs), and mollusks may be taken for personal use (bait or personal consumption) only with the equipment listed below, and with a valid license that provides basic inland fishing privileges.
  » A dip net not greater than 6 feet across.
  » A seine not greater than 12 feet in length with a bar mesh measure of not more than 1/4 inch, except in Lake Waccamaw any length seine may be used to collect bait fishes.
  » A cast net.

Nongame fishes, crustaceans (crayfish and blue crabs), and mollusks may be taken for personal use (bait or personal consumption) only with the equipment listed below, and with a valid license that provides basic inland fishing privileges.

Trotlines, Set-hooks and Jug-hooks

- A trotline is a fishing device consisting of a horizontal common line having multiple hooks attached.
- A set-hook is a fishing device consisting of a single line having no more than three hooks that is attached at one end only to a stationary object.
- A jug-hook is a fishing device consisting of a single line having no more than three hooks that is attached at one end only to a float.

Sale of Nongame Fish

- Nongame fish caught on hook and line (including trotlines, set-hooks, and jug-hooks), grapping and by special fishing devices with a Special Fishing Device License may be sold, subject to the following restrictions:
  - Species-specific size and creel limits (see pages 40–41).
  - Bowfin may not be sold.
  - Blueback herring and alewife taken by any method in inland waters may not be sold, except for those fish less than six inches in length that are taken from Kerr Reservoir (Granville, Vance, and Warren counties).
  - Blue crabs taken from inland fishing waters may not be sold.
  - Those listed under “Miscellaneous Prohibitions” on page 47.
  - A special fishing device license is required when taking nongame fish with special fishing devices and also subject to restrictions listed under “Special Fishing Devices” on pages 42–43, “Seasons and Waters” on pages 43–45, and “Fishing on Game Lands” on page 45.

- Freshwater mussels can only be collected from impounded waters.
- Nongame fishes, crustaceans, and mollusks taken for personal use with equipment listed under “Taking Nongame Fish, Crustaceans, and Mollusks for Personal Use” on pages 41–42 with any valid license that provides basic inland fishing privileges may not be sold.
- The sale of commercially raised nongame fish is regulated by the N.C. Department of Agriculture and Consumer Services.

 Exceptions

- No trotlines, set-hooks or jug-hooks may be used in the impounded waters of Sandhills Game Land.
- No trotlines, set-hooks or jug-hooks may be used in Public Mountain Trout Waters, except impounded waters of power reservoirs and municipal water supply reservoirs open to the public for fishing.
- In Lake Waccamaw, it is unlawful to use trotlines, set-hooks or jug-hooks from May 1–Sept. 30.

Archery Equipment

- Nongame fish may be taken year-round with archery equipment (see page 54) in waterfowl impoundments located entirely on game lands and in all inland fishing waters other than the impounded waters on the Sandhills Game Land, Public Mountain Trout Waters, and reservoirs with restrictions on taking grass carp listed on page 41.
- In the Pee Dee River downstream of Blewett Falls Dam to the South Carolina state line and all tributaries, archery equipment may only be used to take catfish, subject to size and creel limits (see page 40).
- Nongame fishes may be taken with archery equipment (see page 54) under any license that authorizes basic hunting or fishing privileges.

Special Fishing Devices

- Special fishing devices for the taking of nongame fishes with a Special Fishing Device License, include the following: seines, cast nets, gill nets, dip nets, bow nets, reels, gibs, spear guns, baskets, fish pots, eel pots, traps (excluding crab traps and automobile tires), and hand-crank electrofishers where authorized by local law.
Inland Fishing Regulations AND INFORMATION

- Special fishing devices may only be used in inland fishing waters during designated seasons. See list (by county) under “Seasons and Waters” on pages 43–45.

**Term and Use of Special Device Licenses**
- The license is valid during a license year (12 months from date of purchase).
- Each user of a special device must have their own license in possession, except that a bow net or dip net may be used by another person who has the owner’s license in their possession.
- Only the principal owner or operator must be licensed when drag seines are used at inland beaches to take mullet.
- Dip nets may be used in conjunction with a licensed hand-crank electrofisher where authorized by local law to take nongame fish for bait or personal consumption in inland fishing waters with any valid license that provides basic inland fishing privileges.

**Device Licenses**
- All eel pot nets, except yellow. The owner shall always be identified on the attached buoy by using engraved buoys or by engraved metal or plastic tags attached to the buoy. Such identification shall include one of the following: owner’s N.C. vessel registration number, owner’s U.S. vessel documentation name, or owner’s last name and initials.

**Hand-Crank Electrofisher Restrictions**
- Hand-crank electrofishers are any manually operated device capable of generating a low-voltage electrical current, not to exceed 300 volts, for the taking of catfish.

**Seasons and Waters Applying to Special Fishing Devices**
- No special fishing devices, including crab pots, may be used in designated waterfowl impoundments located on game lands.

• All game lands are open to public fishing with the following exceptions:

  » Re-stocked ponds when posted against fishing.

  » Grogan Creek in Transylvania County, which serves as a fish hatchery and water supply.

  » Hunting Creek Swamp Waterfowl Refuge in Davie County.

  » Private ponds where fishing may be prohibited by property owners.

  » In all game lands ponds, channel, white, and blue catfish may be taken only by hook and line, and the daily creel limit is seven channel catfish and 10 white catfish.

  » The use of special fishing devices, including crab pots, is prohibited in designated waterfowl impoundments located on game lands. Exception: Nongame fish may be taken year-round with archery equipment (see page 54) from waterfowl impoundments located entirely on game lands other than the impounded waters on the Sandhills Game Land and Public Mountain Trout Waters.

  » Blue crabs may be taken recreationally from designated waterfowl impoundments on game lands with hand-held lines with single baits and a collapsible crab trap with a maximum opening of 18 inches. The limit is 50 crabs per person, per day or 100 per vessel per day with a minimum carapace width of five inches (point to point).

State Fish Hatcheries

It is unlawful to fish at any time in the waters or on the property of any state fish hatchery, including Bones Creek from the Lake Rim Dam to the U.S. 401 Bypass (Raeford Road). You may fish on McKinney Lake Reservoir at McKinney Lake State Fish Hatchery.
# FISH CONSUMPTION ADVISORIES

Elevated levels of some pollutants may be found in certain fish caught by the public or sold commercially in the United States. For more information, contact N.C. ### Miscellaneous Prohibitions

#### Possession of Certain Fishes
- It is unlawful to transport, purchase, possess or sell any live individuals of Asian longfin eel (Anguilla mazzomabica); amur sleeper (Percottus gleni); applesnail (any species of the genus Pomacea); Asian swamp eel, swamp or rice eel (Monopterus albus); Australian red claw crayfish or red claw (Cherax quadricarinatus, or other species in the genus Cherax); big claw crayfish (Faxonius placidus); bighead carp (Hypophthalmichthys nobilis); black carp (Mylopharyngodon piceus); brown bream (Hoplosternum littorale); Chinese mysterysnail (Cipangopaludina chinensis); Creole painted crayfish (Faxonius palmeri creolanus); Crucian carp (Carassius carassius); European eel (Anguilla anguilla); European minnow (Phoxinus phoxinus); European perch (Perca fluviatilis); Japanese mysterysnail (Cipangopaludina japonica); marbled crayfish or Marmorkrebs (Procambarus virginalis or Procambarus fallax f. virginalis); olive mysterysnail (Viviparus subpurpureus); Oriental weatherfish (Misgurnus anguillicaudatus); piranha (any species of the genera Pristobrycon, Pygocentrus, Pygopristis, or Serrasalmus); Prussian carp (Carassius gibelio); quagga mussel (Dreissena rostriformis bugensis) or any mussel in the family Dreissenidae; red shiner (Cyniarella lutrensis); red-rim melania (Melanoides tuberculatus or Melanoides tuberculata); redbellied catfish (Phractocephalus hemiolioterus); round goby (Neogobius melanostomus); rudd (Scardinius erythrophalus or Scardinius erythrophalum); ruffe (Gymnocephalus cernua or Gymnocephalus cernua); rusty crayfish (Faxonius rusticus); shortfin eel (Anguilla australis); silver carp (Hyphophthalmichthys molitrix); snakehead fish (Family Channidae, formerly Ophioccephalidae); tubenose goby (Proterorhinus marmoratus, Proterorhinus semilunaris, and Proterorhinus semipelucidus); virile crayfish (Faxonius virilis); walking catfish (any member of the genus Batrachoides); white amur or grass carp (Ctenopharyngodon idella) (see exception below); yellow bass (Morone mississippiensis) or zebra mussel (Dreissena polymorpha) or to stock any of them in the public or private waters of North Carolina.
- Certified triploid grass carp may be bought, possessed, and stocked with a permit from the Wildlife Resources Commission.
- It is unlawful to take or possess any state or federally designated endangered, threatened, or species of special concern, including sturgeon from the inland waters of North Carolina.
- It is unlawful to possess, transport or release live alewife or blueback herring in the Little Tennessee River Basin in and upstream of Lake Santeetlah and Cedar Cliff Lake including all tributaries and impoundments.
- It is unlawful to possess, transport or release live White Perch in waters in and west of Haywood, Buncombe and Rutherford counties.
- It is unlawful to stock fish into public fishing waters without a permit from the Wildlife Resources Commission (Fish Stocking Permit applications are available at ncwildlife.org/Fishing/Hatcheries-Stocking/Stocking-Permits, or for more information about applying, call 919-707-0220).
- Possess a loaded firearm other than a handgun possessed pursuant to a valid concealed handgun permit on those public fishing areas where concealed carry is allowed by the landowner. Carrying any loaded firearm, including concealed handguns, is not allowed on public fishing areas at Bladen Lakes State Forest Game Land, Buckhorn Butner-Falls of Neuse Game Land, Chatham Game Land, DuPont State Forest Game Land, Harris Game Land, Hyco Game Land, Jordan Game Land, Kerr Scott Game Land, Lee Game Land, Mayo Game Land, Pee Dee River Game Land north of U.S. 74, Sutton Lake Game Land, Vance Game Land, the portion of R. Wayne Bailey-Caswell Game Land that is located north of U.S. 158 and east of N.C. 119, and any other posted public fishing area.
- Use gasoline motors on Lake Rim in Cumberland County, and on Newbold and Etheridge ponds in Edgecombe County.

### Public Access for Fishing Only
- Where access to inland fishing waters is provided through private property under an agreement with the landowner, the area is marked by signs indicating Public Access for Fishing Only.
- Any licensed angler and accompanying youths may cross the private property signed as Public Access for Fishing Only in order to access public waters for the purpose of fishing.

### Fishing Access Area Regulations

It is unlawful to:
- Use any public fishing area for purposes other than fishing, except where facilities are provided and approved uses are posted. All other uses—including swimming, sunbathing on piers or decks, launching or mooring jet skis or boats, skiing, building fires, operating concessions or other activities not directly associated with fishing—are prohibited.

Inland Fishing Regulations and Information

- Anglers using these areas are prohibited from entering before 7 a.m. or remaining on the property after 9 p.m., building fires, littering, swimming, launching or retrieving boats, and camping while on the private property unless otherwise posted.

Boating Access Area Regulations

It is unlawful to:

- Leave any vehicle, trailer, boat or other obstruction where it will impede the use of the ramp by others.
- Park any vehicles, trailer or boat anywhere on the area when the parking zone is fully occupied. This does not prohibit legal use of the ramp.
- Use the area for swimming, camping, operating concessions or for any use other than the launching and recovery of boats and parking of vehicles and boat trailers, except where facilities for a particular use are provided.
- Operate any vessel within 50 yards of the ramp at a speed greater than “No Wake” speed.
- Possess a loaded firearm other than a handgun possessed pursuant to a valid concealed handgun permit on those boating access areas where concealed carry is allowed by the landowner. Carrying any loaded firearm, including concealed handguns, is not allowed on boating access areas at Bladen Lakes State Forest Game Land, Buckhorn Butner-Falls of Neuse Game Land, Chatham Game Land, DuPont State Forest Game Land, Harris Game Land, Hyco Game Land, Jordan Game Land, Kerr Scott Game Land, Lee Game Land, Mayo Game Land, Pee Dee River Game Land north of U.S 74, Sutton Lake Game Land, Vance Game Land, the portion of R. Wayne Bailey-Caswell Game Land that is located north of U.S. 158 and east of N.C. 119, and any other posted boating access area.
- Operate a vehicle on any boat access area in a manner so as to endanger life or property.
- Deposit any debris or refuse anywhere on the grounds of the area.
- Fail to obey any instruction or signs regulating use of the access area.
- Conduct a fishing tournament weigh-in without first obtaining a letter of authorization from the Division of Engineering and Lands Management at ncwildlife.org/boating or by calling 919-707-0150. This permit must be available for inspection by wildlife enforcement officers during the tournament.
- Park in a handicapped space without displaying a handicapped plate or sign.

Hydroelectric Station Safety Zones

A 100-foot safety zone extends both upstream and downstream of the following hydroelectric stations and dams. Only fishing and boating are authorized within the safety zone, subject to the following restrictions:

- All boaters within the safety zone are required to wear approved U.S. Coast Guard personal flotation devices.
- Any anglers within the safety zone that enter the water are required to wear an approved U.S. Coast Guard personal flotation device.
- No vessel may anchor within this zone or tie off to any part of the hydroelectric station structure.

The N.C. Wildlife Resources Commission is a member of the Interstate Wildlife Violator Compact, which causes an individual's illegal activity in one state to affect their hunting, fishing or trapping privileges in all member states. If a person's license or permit privileges, which come under the scope of the Compact, are suspended or revoked in one member state, they are subject to suspension or revocation in all member states.

Applying For A Freshwater Fishing Record

The Wildlife Resources Commission maintains records for popular freshwater sport fishes caught by rod and reel or cane pole in state waters. State record fish must be weighed on scales certified by the N.C. Department of Agriculture and verified by a Wildlife Resources Commission fisheries biologist (or biologist designated by the Commission). For an application form and other requirements, visit ncwildlife.org/FishingRecords, or call the Inland Fisheries Division at 919-707-0220.

Nongame Regulations
AND INFORMATION

General Information
Any animal not classified as a game fish, game animal, furbearer or game bird is considered to be nongame. There are, however, regulations that apply to the taking and collection of these wildlife resources. For animals not specified elsewhere in this Digest, the following guidelines apply:

- **Nongame Fish, Crustaceans and Mollusks** – See pages 41-45 for information on collecting nongame fish, crustaceans and mollusks for personal use, sale and bait. A Scientific Fish Collection License is needed to take or collect any aquatic animal for scientific purposes. In addition, a special permit is required when the animal is a freshwater mussel or any endangered, threatened or special concern species.
- **Mammals** – A Wildlife Collection License is needed to take or collect any nongame mammal. If the animal is endangered, threatened or of special concern, an Endangered Species permit is required.
- **Birds** – Most birds in North Carolina are defined as migratory and thus are protected by federal laws. Call the U.S. Fish and Wildlife Service for more information at 919-856-4786. The exceptions are the English or House sparrow, pigeon, starling, mute swan, and Eurasian collared dove.
- **Reptiles** – A Wildlife Collection License is needed to take or collect 5 or more turtles, lizards or snakes on an annual basis. For reptiles that are endangered, threatened or of special concern, an Endangered Species permit is required. Collection of 5 or more turtles within the family Emydidae (basking and box turtles) or Trionychidae (soft shell turtles) is prohibited without a Wildlife Collection License. Limits for turtles within the remaining families (includes snapping turtles) are 10 per day, and 100 per year. No snapping turtle less than 11 inches (curved top shell length) may be collected.
- **Amphibians** – The daily bag limit (from 12:00 noon to 12:00 noon) for taking bullfrogs is 24, with no closed season or license requirement. See page 80 for information and requirements regarding the taking of bullfrogs on game lands. A Wildlife Collection License is needed to take or collect 25 or more frogs (includes toads) or salamanders (includes mudpuppies and “spring lizards”) in larval (tadpole) or adult form. For amphibians that are endangered, threatened or of special concern an Endangered Species permit is required.

HELP KEEP North Carolina WILD!

- **Donate to the N.C. Wildlife Diversity Endowment Fund**
- **Purchase a Wildlife Conservation license plate, proceeds from which go towards the Nongame and Endangered Wildlife fund.**
- **Donate to the “Nongame and Endangered Wildlife” fund on your N.C. State Income tax return.**

As the original conservationists, hunters and anglers help restore many game animals like turkeys, white-tailed deer and striped bass. Nongame animals live in the same natural habitats that support abundant game populations. Your contribution to support nongame and endangered wildlife will fund conservation efforts to ensure a healthy future for all North Carolina wildlife and their habitats.

<td>Nov. 1 – Feb. 28</td>
<td>Statewide. NOTE: In addition to this statewide trapping season, coyotes may be taken in counties, areas and times where fox-trapping is allowed by statute.</td>
</tr>
<tr>
<td>Nov. 1 – Mar. 31</td>
<td>Statewide for beaver only. NOTE: Landowners whose property is or has been damaged or destroyed by beaver may take beaver on their property anytime by any lawful method without obtaining a permit from the Wildlife Resources Commission. There is no closed season and no bag limit for trapping nutria east of I-77.
Outside of the regulated trapping season shown above, animals can only be trapped under a Depredation Permit. This is a free permit obtained from a Wildlife Enforcement Officer, District Biologist, or Wildlife Control Agent issued when an animal is causing property damage. When trapping under a Depredation Permit, the permit holder must follow all trapping regulations and state laws.

SKULLS AND CARCASSES WANTED

Become a furbearer cooperator to help us monitor populations, improve our knowledge of North Carolina furbearers, and ultimately, maintain regulated trapping for future generations.

The Wildlife Commission is seeking:
- Bobcat and otter skulls or jaws to pull teeth and look at the age structure and sex ratio of the harvest.
- Spotted Skunk carcasses to collect tissue and genetics samples to increase our knowledge of this elusive furbearer species and obtain location information.

Cooperators will receive the age of submitted animal(s) and a furbearer cooperator patch. Visit ncwildlife.org/furcooperator for more information.

General Information

During the regulated trapping season, it is legal in North Carolina to trap:
- armadillo
- beaver
- bobcat
- coyote
- groundhog
- mink
- muskrat
- nutria
- opossum
- otter
- raccoon
- skunk
- weasel

Gray and red foxes may only be trapped where provided by state or local law. For more information about fox trapping seasons, visit ncwildlife.org/FoxSeasons. Coyotes may be trapped during the statewide regular trapping season and during any fox-trapping season, established by statute or by local law, using methods described in statute, even when those seasons open prior to and extend after the regular trapping seasons.

Statewide Trapping Restrictions

It is unlawful to:
- Sell or otherwise transfer ownership of the carcass or pelt of a fox*, bobcat or otter without first tagging it with the appropriate tag available from the Wildlife Resources Commission. The fee is $2.20 for each bobcat or otter tag and $2.25 for fox*. You may purchase these tags by telephone, 888-248-6834, using a Visa or MasterCard credit card, or you can mail your request along with the fee to: NCWRC, Bobcat/Otter/Fox Tags, 1707 Mail Service Center, Raleigh, N.C. 27699-1700. Include your name, address, date of birth and WRC number. NOTE: All fox*, bobcat and otter fur must be tagged within 30 days of the close of the applicable season. *except where local laws do not require fox tagging.
- Open or damage a beaver lodge without a permit from the Wildlife Resources Commission.
- Sell, keep or transfer ownership of any live animals, except foxes or coyotes, which can be sold live by licensed trappers to licensed fox preserves during the applicable trapping season for that species. Live-trapped foxes and coyotes shall not be held for more than 30 days after capture and shall be provided drinking water, food of a type and quantity appropriate for the species, and shelter that protects the foxes and coyotes from direct sunlight and precipitation. Licensed trappers and any individual(s) transporting live foxes and coyotes for live sale shall have a current and valid transportation permit prior to taking possession of the live foxes and coyotes, including removing the animal from the trap. Licensed trappers shall keep accurate written records, on a form provided by the Commission for each fox or coyote sold or transferred to a licensed fox preserve.
- Take red and gray fox except where provided by state or local law. For more information

Please note: Major regulation changes appear in RED
on fox trapping seasons, visit ncwildlife.org/FoxSeasons.

- Take wild animals by trapping upon the land of another without having in possession written permission issued and dated within the previous year by the landowner or his agent. This restriction does not apply to public lands on which trapping is not specifically prohibited including tidelands, marshlands, and any other untitled land.
- Remove or disturb any lawfully set trap or remove any furbearing animal from a trap without permission of the trap owner.

**Statewide Trap Regulations**

- All traps must have a weather-resistant permanent tag attached with either the trapper’s name and address or the trapper’s Trapper Identification Number (TIN) and the Commission’s phone number (800-662-7137). The TIN can be found on your trapping license.
- If a trap is placed on the property of another and identified by the TIN, the Commission is required to disclose the identity of the trapper to the landowner upon request.
- Unlawful to set or use a trap so that animals or birds will be suspended when caught.
- Unlawful to set or use a hook of any sort or type to take wild animals or wild birds.

**Legal Trap Types**

- Box/cage traps and colony traps
- Conibear™-type traps
- Foothold trap
- Snares (for beaver only)

**Conibear™-type Traps**

- Must be smooth-edged and without teeth or spikes.
- Jaw Spread:
  - To measure the width and height of a Conibear™-type trap, measure from inside jaw to inside jaw (Figure 1).

**Foothold Traps**

- Must be smooth edged and without teeth or spikes.
- Jaw Spread:
  - To measure jaw spread of a foot-hold trap, measure from inside jaw to inside jaw (Figure 2).

**Snares**

- Can be used to trap only beaver, except where allowed by local law.
- Cannot be used to trap wildlife, except where allowed by local law.

You should also read the “Game Lands” and “Local Laws” sections for trapping restrictions on certain game lands and in certain counties.

**Attendance**

Every trap must be visited daily and any animal caught therein removed, except for completely submerged Conibear™-type traps, which must be visited at least once every 72 hours and any animal caught therein removed.

Remote trap checking systems may be used in lieu of visiting the trap, provided the system has the following features:

- Do not provoke a fight, threaten reprisals or use profanity. Remember that some anti-hunting activists seek confrontation and may be accompanied by the news media.
Hunting Regulations

Manner of Taking

Definition of Take
To take is defined as all operations during, immediately preparatory and immediately subsequent to an attempt, whether successful or not, to capture, kill, pursue, hunt or otherwise harm or reduce to possession any fisheries resource or wildlife resource.

Season Dates
For most species, hunting seasons are set to open on the same day of the week every year and at the same general time. For example, rabbit season opens every year on the Monday on or nearest October 15th and ends on the last day of February. Changes in season dates that are a result of newly adopted regulations will appear in red ink. However, most season dates that are different from last year are the result of the annual shift of days in each year’s calendar.

General Restrictions
- Lawful seasons and bag limits for each species apply beginning with the first day of the listed season and continuing through the last day of the listed season with Sunday hunting restrictions listed in the next paragraph.
- On Sundays the following apply:
  - Hunting with firearms between 9:30 a.m. and 12:30 p.m. is prohibited except on controlled hunting preserves;
  - Hunting migratory birds is prohibited;
  - The use of firearms to take deer that are run or chased by dogs is prohibited;
  - Hunting with a firearm within 500 yards of a place of worship or any accessory structure thereof is prohibited.
- Archery equipment may be used to hunt on Sundays without the restrictions applied to hunting with firearms.
- Shooting hours: Game birds and animals may be taken only between 30 minutes before sunrise and 30 minutes after sunset with rifle, pistol, shotgun, archery equipment, dogs or by means of falconry with the following exceptions: raccoons, feral swine and opossums may be taken at night. Coyotes may be taken at night in all counties except Beaufort, Dare, Hyde, Tyrrell and Washington. Migratory game birds may be taken only during the hours and in the manner permitted by federal regulations. See page 75 for shooting hours for migratory birds.

Retrieval
- If a hunter kills or wounds a big game animal during legal shooting hours the hunter may use a portable light source and a single dog on a leash to assist the hunter in retrieving the dead or wounded big game animal and may dispatch a wounded big game animal using a .22-caliber rimfire pistol, archery equipment, or a handgun otherwise legal for that hunting season. If necessary, the hunter may also retrieve wounded big game in this manner from 30 minutes after sunset to 11:00 p.m. The hunter may not use a motorized vehicle when searching for the wounded animal.
- A hunter or trapper lawfully taking wildlife by another method may use a pistol to dispatch the animal or bird taken, except as noted below.
- It is unlawful to hunt or take wild turkeys with pistols.
- During established archery season only a .22-caliber rimfire pistol may be used to dispatch deer (see “Retrieval”).

Archery Equipment
- When used for hunting in North Carolina archery equipment is defined as any device that has a solid stationary handle with two limbs and a string that uses non-pneumatic means to propel a single arrow or bolt.
- Longbows, recurved bows, compound bows and crossbows are legal for hunting all species with an open hunting season.
- When used to hunt bear, deer, elk, wild turkey, alligator and feral swine:
  - Longbows and recurved bows must have a minimum pull of 40 pounds
  - Compound bows must have a minimum pull of 35 pounds
  - Crossbows must have a minimum pull of 100 pounds
  - Only arrows and bolts with a fixed minimum broadhead width of seven-eighths of an inch or a mechanically opening broadhead with a width of at least seven-eighths of an inch in the open position shall be used.
  - Slingbows having a minimum pull of 40 pounds may be used during legal hunting seasons for hunting deer, wild turkey, small game animals, nongame animals and nongame fish.
  - Blunt-type arrow heads may be used in taking small animals and birds, including rabbits, squirrels, quail and grouse.
  - Poisonous, drugged, or explosive arrowheads shall not be used for taking any wildlife.

Shotguns
- Shotguns must be no larger than 10-gauge.
- When hunting migratory game birds, shotguns must be plugged so as to limit their maximum capacity to three shells.

Pistols
- During the open hunting season for rabbits, squirrels, opossums, raccoons, fur-bearing animals and legal nongame animals and birds, these species may be taken with a pistol. There are no restrictions on caliber and barrel length.
- Deer and bear may be taken with a handgun during the established gun hunting season. There are no restrictions on barrel length or caliber.

Rifles
- Fully automatic rifles are unlawful. All other rifles are legal except:
  - Rifles are prohibited by federal law in hunting migratory game birds.
  - Local laws prohibit or restrict rifles in some counties. See the “Local Laws” section.
- It is unlawful to hunt or take wild turkeys with rifles.

Blackpowder
- During the blackpowder deer season, the only lawful firearms are blackpowder shotguns, rifles and handguns. The Commission defines a blackpowder firearm as any firearm - including any firearm with a matchlock, flintlock, percussion cap, or similar type of ignition system - manufactured in or before 1898, that cannot use fixed ammunition; any replica of this type of firearm if such replica is not designed or redesigned for using rimfire or conventional centerfire fixed ammunition; and any muzzle-loading rifle, muzzle-loading shotgun, or muzzle-loading or cylinder-loading handgun that is designed to use blackpowder, blackpowder substitute, or any other propellant loaded through the muzzle, cylinder, or breech and that cannot use fixed ammunition.

Baiting and Attractants
- No wild bird may be taken with the use or aid of salt, grain, fruit, or other bait.
- No wild turkey may knowingly be taken from within 300 yards of any place in which bait has been placed until the expiration of 10 days after the bait has been consumed or otherwise removed.
- Black bear may not be taken with the use or aid of:
  - Any animal, animal part or product, salt, salt lick, honey, sugar, sugar-based material, syrups, candy, pastry, gum, candy block, oils, spices, peanut butter, grease; or extract of such substances; or any substance modified by any of the above substances or extract of above substance; or any bear bait attractant, including scented sprays, aerosols, scent balls, and scent
Hunting Regulations AND INFORMATION

powders; or processed food products as defined on page 65.

• For the purposes of bear hunting, bait means any natural, unprocessed food product that is a grain, fruit, nut, vegetable, or other material harvested from a plant crop that is not modified from its raw components.

• Bears may not be taken while consuming bait.

• Regulations for taking bear with unprocessed foods are on page 65.

• At the time this publication went to print, there were no regulations prohibiting the possession or use of cervid excretions, including urine or other bodily fluids. Any updates concerning this will be posted at ncwildlife.org as they become available.

Hunting with Dogs

• It is unlawful to hunt, run or chase deer at any time in these counties and all counties west of the line they form: Rockingham, Guilford, Randolph, Montgomery, Stanly and Union counties. See map on page 68. This does not apply to the use of a single dog on a leash to assist the hunter in retrieving a dead or wounded deer (see “Retrieval”).

• It is unlawful to hunt, run or chase deer at any time in these counties and parts of counties:
  » Alamance
  » Anson west of N.C. 742

• Chatham

• Chowan south of U.S. Highway 17 and U.S. Highway 17 Business and east of a line drawn from the intersection of the western city limits of the Town of Edenton and U.S. Highway 17 Business and extending due south to the Albemarle Sound

• Durham

• Johnston

• Lee

• Orange south of I-85

• Richmond west of Little River and that portion east of Little River and bounded by N.C. 73 to the north, by Hough Road to the east, and by Grassy Island Road to the south.

• Wayne

• Wake south of N.C. 98

NOTE: This does not apply to the use of a single dog on a leash to assist the hunter in retrieving a wounded deer (see “Retrieval”).

• In all other counties hunting deer with dogs is allowed, but local law may impose further restrictions. See “Local Laws” section.

• In counties where hunting deer with dogs is allowed, game land rules may prohibit this activity. See “Game Lands” section.

• It is unlawful to hunt bears with dogs in the following counties: Alamance south of I-85, Anson west of N.C. Hwy 742, Cabarrus, Chatham, Davie, Davidson, Forsyth, Gaston, Guilford, Lee, Lincoln, Mecklenburg, Montgomery, Orange south of I-85, Pamlico (per local law), Randolph, Rockingham, Rowan, Stanly, Union, and Wake south of N.C. Hwy 98. See map on page 65.

• Except for deer and bear as described above, hunting game animals and game birds (except for wild turkey) with dogs is allowed in all counties of the state, subject to the restrictions applied by local laws and game land rules. See “Local Laws” and “Game Lands” sections.

• It is unlawful to intentionally remove or destroy an electronic collar or other electronic device placed on a dog by its owner to maintain control of the dog.

Training Dogs

• It is unlawful to run or chase deer during closed season, except when under the control of the owner. This applies only to counties where hunting deer with dogs is allowed. In counties or parts thereof and game lands where hunting deer with dogs is prohibited, running or chasing deer is prohibited at all times. See map on page 67. This does not apply to the use of a single dog on a leash to assist the hunter in retrieving a wounded deer (see “Retrieval”).

• Except as allowed in authorized field trials and training using domestically raised waterfowl or game birds, it is unlawful to possess axes,
Hunting Regulations AND INFORMATION

Field Trials
- Commission-sanctioned field trials may allow hunters to conduct field trials with dogs in areas and at times authorized with the use of approved weapons and ammunition and may authorize the use of certain domestically raised birds.
- Active participants in field trials are people who handle dogs or firearms.
- For Commission-sanctioned field trials, active participants must have a hunting license from their state of residence. For all other types of field trials, active participants must have a N.C. hunting license.
- For Commission-sanctioned field trials, judges do not need to have a hunting license. For all other types of field trials, judges must have a N.C. hunting license.
- A Commission-sanctioned field trial permit may be obtained online at ncwildlife.org/licensing for $10.

Motor Vehicles, Boats and Vessels
- It is unlawful to use any of the following in taking wild birds or animals:
  - a motor vehicle while the passenger area is occupied or while the vehicle engine is running.
  - vessels: under sail, under power, or with the engine running, or while still in the motion from such propulsion, except crippled waterfowl (see page 75); or
  - airplanes
- Deer may not be hunted from boats or other floating devices in some counties (see “Local Laws” section).

Hunting Regulations
- For Commission-sanctioned field trials, active participants may use a hunting license issued in their state of residence. For all other types of field trials, active participants must have a N.C. hunting license.
- Active participants in field trials are people who handle dogs or firearms.
- For Commission-sanctioned field trials, active participants may use a hunting license from their state of residence. For all other types of field trials, active participants must have a N.C. hunting license.
- For Commission-sanctioned field trials, judges do not need to have a hunting license. For all other types of field trials, judges must have a N.C. hunting license.
- A Commission-sanctioned field trial permit may be obtained online at ncwildlife.org/licensing for $10.

Artificial Lights and Electronic Calls
- It is unlawful to use artificial lights (including laser sights) and electronic or recorded calls in taking wild birds or animals except as follows:
  - artificial lights may be used to retrieve harvested big game.
  - artificial lights may be used for taking feral swine and coyotes at night where legal.

DEER HUNTER ALERT

Chronic Wasting Disease (CWD)
is a fatal neurological disease found in deer, elk, moose and reindeer. Caused by an abnormal form of protein that collects in the animal’s brain cells, these cells eventually burst leaving behind empty spaces in the brain matter. Signs to watch for include:

- Lack of coordination
- Walking in set patterns
- Dripping and grinding of teeth
- Drinking lots of water and increased urination
- Low weight

If you see a deer or elk exhibiting disease signs, call the Commission at 866-318-2401.

To hunt, fish, or trap on lands posted with signs no more than 200 yards apart or purple paint 100 yards apart individuals need to possess written permission:

- Signed by the landowner or lessee
- Dated within the past 12 months

If a hunting club has leased land, hunters must possess a copy of:

- Hunting club membership
- Landowner permission
• It is unlawful to take deer that are swimming or in water above the knees of the deer.
• It is unlawful to shoot at or into a squirrel’s nest.

Other Restrictions

Local Laws
There are many local laws affecting hunting and trapping in North Carolina. An abstract of local laws that are more restrictive than general regulations is included in this Digest. See the “Local Laws” section.

Exotic Species
It is unlawful to place exotic species of wild animals or wild birds not indigenous to that area or feral swine in an area for the purpose of stocking the area for hunting or trapping. (There are certain limited exceptions for licensed-controlled hunting preserves.)

Transfer of Wildlife
An individual may accept the gift of wildlife lawfully taken within North Carolina if taking possession does not cause the individual to exceed the applicable possession limit and the individual possesses and preserves in writing the name and address of the donor and under what license requirements the wildlife was taken. It is unlawful to accept the gift of wildlife lawfully taken unless you possess in writing the donor’s name, address and what license or license exemptions under which the wildlife was taken. Additionally, individuals taking possession of a big game animal (deer, bear, or wild turkey) must retain the authorization number of that animal.

Trespass
The establishment of open seasons does not obligate the private landowner to allow hunting on his or her property, nor does it eliminate the ethical requirement for obtaining permission from the landowner before hunting. In some counties, hunters are required to obtain permission to hunt on private property (see “Local Laws” section).

State Fish Hatcheries
It is unlawful to possess a loaded firearm within a posted restricted zone on any state-owned fish hatchery or to discharge a firearm into or across such a restricted zone.

Sale of Wildlife
• In general, whole animals or their parts may not be bought or sold in North Carolina. There are some exceptions. More information may be found at ncwildlife.org/SaleofWildlife.

Disposal of Wildlife Carcasses
• It is unlawful to dump animal remains anywhere without permission.

Cervid Carcass Parts
It is unlawful to import, transport, or possess a cervid carcass or cervid carcass parts originating from outside North Carolina, except for the following:
• meat that has been boned out such that no pieces or fragments of bone remain;
• capped hides with no part of the skull or spinal column attached;
• antlers, antlers attached to cleaned skull plates, or skulls with no meat or brain tissue attached;
• cleaned lower jawbone(s) with teeth or cleaned teeth; or
• finished taxidermy products and tanned hides.

These parts or their containers must be labeled with the individual’s name and address; state, Canadian province, or foreign country of origin; date the cervid was killed; and the individual’s hunting license number, permit number, or equivalent identification from the state, Canadian province, or foreign country of origin.

Cervid species include white-tailed deer, mule deer, elk, moose, caribou/reindeer, red deer, sika deer, axis deer, and fallow deer. For more information about CWD and other deer diseases, visit ncwildlife.org/DeerDiseases.

For $500 per night, per person, we take you on the ultimate night hog hunt!
We use highly modified 4x4 luxury vans equipped with long range thermal optics, hooked up to the huge screen inside the van. This allows us to take 4 hunters per van (2 vans), in comfort and cover 1000’s of acres a night in search of wild hogs.
Once we spot them from the van or with the thermal drone, we stalk in very close, and try to kill every hog we see!

Big Game Harvest Reporting

Reporting big game harvests is a requirement in North Carolina. Hunters shall carry a valid big game harvest report card with them while hunting deer, bear, or wild turkey. A harvest report card is furnished with the issuance of a big game hunting license and is valid for only one hunting season, July 1 through June 30. Hunters should retain only one copy of their harvest report card per hunting season.

Validating a Harvest

Upon harvesting a bear, deer or wild turkey, and before moving the animal from the site of kill, the successful hunter must validate the Big Game Harvest Report Card per hunting season. Hunters should retain only one copy of their harvest report card while hunting in North Carolina. Hunters shall carry a valid big game hunting license and is valid for only one hunting season, July 1 through June 30. Hunters should retain only one copy of their harvest report card per hunting season.

Registering a Harvest

The successful hunter must register any harvested bear, deer or wild turkey BEFORE any of the following occur:

- The animal is skinned or dismembered;
- The animal is left unattended by the successful hunter;
- The animal is placed in the possession of another person; or
- 12 p.m. (noon) the day following the harvest.

Big game harvests may be registered in one of three ways:

1. By calling 800-I-GOT-ONE (800-446-8663). A touch tone telephone is required. Each Harvest ID can only be used once.
2. By clicking the “Report a Big Game Harvest” link located on the NCWRC home page (ncwildlife.org/IGotOne).
3. By reporting the harvest to a participating wildlife service agent location (ncwildlife.org/WildlifeServiceAgent).

- The Big Game Harvest Report Card contains a Harvest ID number located above each harvest authorization line. Hunters will be required to provide a Harvest ID number when reporting each harvest.
- Hunters who obtain their license and big game privilege by phone or internet will be given their Harvest ID numbers for temporary use until they receive their official Big Game Harvest Report Card in the mail. If the hunter harvests a big game animal before receiving their official Big Game Harvest Report Card, the hunter must retain the authorization number for the reported harvest. Immediately upon receipt of the Big Game Harvest Report Card, the hunter must transcribe those authorization numbers and validate the appropriate line on their card.
- Big game animals may be field dressed before being registered. Field dressing includes bleeding and removal of digestive, respiratory and circulatory organs, but the hunter may not mutilate the carcass in a manner that obscures the species, age or sex.

Recording the Authorization Number

When a successful hunter registers a big game harvest, the hunter will be issued an authorization number for the animal. The hunter shall then record the authorization number in the space provided on the Big Game Harvest Report Card. This record shall thereafter constitute the authorization for continued possession of the carcass.

Reporting for License-Exempt Hunters

Persons who are by law exempt from the Big Game Hunting License requirement shall obtain a License-Exempt Big Game Harvest Report Card from a wildlife service agent or by calling 888-248-6834 (Note: License-Exempt Cards (no cost) are not available online.) Upon harvesting a bear, deer or wild turkey, the exempt person shall validate their card and report the big game kill using the same registration methods listed above.

License-exempt youth should not report their harvest on their parent’s Big Game Harvest Report Card, but obtain their own card.

Deer Management Assistance Program Harvest Reporting

Persons harvesting deer from properties enrolled in the Deer Management Assistance Program (DMAP) or the Community Deer Management Assistance Program (CDMAP) and opting to use the special tags provided by these programs to report their harvest, should follow the validation and registration requirements described in the participant packet. When registering the harvest, they will be directed to select the “Report a DMAP Tag” option and to provide the pre-printed number on the tag. Successful hunters shall record and maintain their authorization numbers. For more information about the DMAP or CDMAP, please visit ncwildlife.org/deer

* Per local law, bear season in these counties opens on Nov. 12.
2021–2022 Bear Seasons

**DOGS.** Hunting bears with dogs is prohibited in the following counties or parts of counties: Alamance south of I-85, Anson west of N.C. Hwy 742, Cabarrus, Chatham, Davie, Davidson, Forsyth, Gaston, Guilford, Lee, Lincoln, Mecklenburg, Montgomery, Orange south of I-85, Pamlico (per local law), Randolph, Rockingham, Rowan, Stanly, Union, and Wake south of N.C. Hwy 98. In all other counties, hunting bears with the use of dogs is legal during open bear seasons, but restrictions may apply on game lands. See “Game Land” section for further information.

**UNPROCESSED FOODS.** Legal during the Monday on or nearest October 15 to the Saturday before Thanksgiving* in and west of Surry, Wilkes, Caldwell, Burke and Cleveland counties. In all other counties, unprocessed foods may be used to aid in taking of bear during any open season for bear.

* The prohibition against taking bears with the use and aid of bait does not apply to the release of dogs in the vicinity of any food source that is not a processed food product.

However, dogs may not be released in the vicinity of any commercially available mineral supplement whether placed for the purpose of attracting deer or otherwise.

It is unlawful:
- to take a bear while in the act of consuming unprocessed foods; or with use or aid of any animal, animal part or product, salt, salt lick, honey, sugar, sugar-based material, syrups, candy, pastry, gum, candy block, oils, spices, peanut butter, grease; or extract of such substances; or any bear bait attractant, including scented sprays, aerosols, scent balls, and scent powders; or processed food products. Processed food products are any food substance or flavoring that has been modified by the addition of ingredients or by treatment to modify its chemical composition or form or to enhance its aroma or taste. This includes: food products enhanced by sugar, honey, syrups, oils, salts, spices, peanut butter, grease, meat, bones, or blood; candies, pastries, gum, and sugar blocks; and extracts of such products; and to place any sort of processed or unprocessed foods on game lands.

Bear Hunters: Become a Bear Cooperateur and receive a free, blaze orange hunting hat by submitting the premolars from your bear. Call 919–707–0050 or visit ncwildlife.org/bear for more information, including a video on how to remove the premolars.

DEER HUNTING SEASONS

See the maps on pages 65-66 for either-sex season dates and exceptions to the seasons listed in this table.

- Weapons seasons for deer on game lands follow the season for the county in which they are located except for Buffalo Cove Game Land, Nicholson Creek Game Land, Rockfish Creek Game Land, Sandhills Game Land and South Mountains Game Land. See the "Game Lands" section for additional restrictions on these Game Lands seasons. Refer to the "Game Lands" section for Gun Either-Sex Deer Season dates on game lands.

NORTHEASTERN AND SOUTHEASTERN DEER SEASON

- Archery: Sept. 11 – Oct. 1, 2021
- Blackpowder: Oct. 2 – Oct. 15, 2021

CENTRAL DEER SEASON

- Archery: Sept. 11 – Oct. 29, 2021
- Blackpowder: Oct. 30 – Nov. 12, 2021

NORTHWESTERN DEER SEASON

- Archery: Sept. 11 – Nov. 5, 2021
- Blackpowder: Nov. 6 – Nov. 19, 2021
- Gun: Nov. 20, 2021 – Jan. 1, 2022

WESTERN DEER SEASON

- Blackpowder: Oct. 4 – Oct. 16, 2021
- Gun: Nov. 22 – Dec. 11, 2021

General Restrictions

- Any person hunting deer during a deer firearms season shall wear hunter orange visible from all sides. This includes hunting with archery equipment on Sundays. This also includes anyone hunting on Youth Deer Hunting Day, regardless of age of the hunter or weapon used. Landholders, their spouses and children hunting on land held by the landholder do not have to wear hunter orange.
- Deer with visible antlers may be taken during any open deer season. Antlerless deer may only be taken during either-sex deer seasons.
- Visible antlers are defined as bony structures that protrude through the skin. Knobs or buttons covered by skin or velvet are not considered visible antlers.
- It is unlawful to place processed food products as bait in any area of the state with an established season for taking black bears. Processed food products are any food substance or flavoring that has been modified by the addition of ingredients or by treatment to modify its chemical composition or form or to enhance its aroma or taste. This includes: food products enhanced by sugar, honey, syrups, oils, salts, spices, peanut butter, grease, meat, bones, or blood; candies, pastries, gum, and sugar blocks; and extracts of such products.
- The placement of commercially available mineral supplements specifically and exclusively marketed for attracting or feeding deer is allowed anywhere in the state, except on game lands.

Weapons and Dogs

Archery

- During the archery season the following are legal weapons: bows and arrows and crossbows, and slingbows (both described on page 54).

Blackpowder

- During the blackpowder season the following are legal weapons: bows and arrows, crossbows, and slingbows (both described on page 54), and blackpowder firearms as defined on page 54.

Gun

- During the gun season the following are legal weapons: bows and arrows, crossbows, and slingbows, blackpowder firearms, shotguns, rifles, and handguns (all described on page 54).

Dogs

- Hunters may use dogs to hunt deer during open deer seasons in counties indicated on the map on page 67, and to retrieve a wounded deer. See page 55 for details.

Bag Limits

- The season and possession bag limit is six deer, two of which may be antlered, and four of which may be antlerless.
- There is no daily bag limit.
- Antlerless deer harvested and reported on Bonus Antlerless Harvest Report Cards do not count towards the season or possession limit.
• Bonus Antlerless Harvest Report Cards allow for the harvest of two additional antlerless deer per card. These are ONLY valid for deer taken within participating municipalities during the Urban Archery Season (described on pages 63–64). Unlimited Bonus Antlerless Harvest Report Cards are available to each hunter. Bonus Antlerless Harvest Report Cards can be obtained on or after Jan. 1 at most wildlife service agents, or online at ncwildlife.org or by calling 888-248-6834.

• Antlerless deer harvested under the Deer Management Assistance Program (DMAP) and tagged with harvest tags provided with the program are not included in normal statewide bag limits.

Either-Sex Deer Seasons

Youth Deer Hunting Day
• Deer of either sex may be taken by hunters under the age of 18 on this day.

Archery Deer Season
• Deer of either sex may be taken during archery deer season in all areas (includes game lands) in and west of Watauga, Wilkes, Alexander, Catawba, Cleveland, Rutherford, and Polk counties.

• Deer of either sex may be taken during the first and second archery deer seasons in all areas (includes game lands) in and west of Henderson, Buncombe, McDowell, Burke, Caldwell and Avery counties.

Blackpowder Firearm Deer Season
• Deer of either sex may be taken on the first Saturday of the blackpowder firearm deer season in west of Henderson, Buncombe, Yancey, Mitchell and Avery counties (includes game lands).

• Deer of either sex may be taken anytime during the blackpowder firearm deer season in areas in the maximum either-sex gun season, and in and east of Polk, Rutherford, McDowell, Burke, Caldwell, Watauga and Ashe counties (includes game lands).

Gun Either-Sex Deer Season
• Deer of either sex may only be taken during the gun season during those dates indicated on pages 65, 66 and 82–87. Most gun either-sex seasons fall under one of the following four categories in North Carolina:
  » Maximum: Either-sex harvest is allowed the entire gun season.
  » Moderate: Either-sex harvest is allowed the first open day of the regular season through the second Friday thereafter.
  » Conservative: Either-sex harvest is allowed the first open day of the regular season through the first Saturday thereafter.
  » Introductory: Either-sex harvest is allowed the first open Saturday of the regular gun season.

Urban Archery Season
Archery only: Jan. 15 – Feb. 20, 2022

Information for Hunters
• The intention of the Urban Archery Season is to enable cities, towns and villages to reduce urban deer populations through increased hunter opportunity. Hunting during the Urban Archery Season is allowed ONLY in participating municipalities.

• Each city, town and village will decide if hunting is allowed on public property and restrictions, if any, for hunting on private property within the city, town and village limits.

• Hunters wishing to hunt in an area participating in the Urban Archery Season should call the participating city, town or village or visit its website to obtain a map showing lawful areas to hunt and additional information on specific restrictions that may apply to each area.

• The Urban Archery Season does not obligate private landowners to allow hunting on their property, nor does it eliminate the ethical requirement for obtaining permission from the landowner before hunting. Hunters are legally required to obtain written permission to hunt on posted property.

• Season bag and possession limits for both antlerless and antlered deer, including Bonus Antlerless Harvest Report Cards, that apply to the general archery, blackpowder, and gun deer seasons also apply to the Urban Archery Season.

• Deer of either sex may be harvested in participating areas during the Urban Archery Season.

Information for cities, towns and villages

The Urban Archery Season is available for cities, towns and villages that submit to the Wildlife Resources Commission by April 1 of each year a letter of intent to participate in the season. A map (no larger than 11” x 17”) clearly defining the area included in the season should also accompany the letter of intent. Interested municipalities should call the Wildlife Management Division at 919-707-0050 and request to be contacted by a district wildlife biologist.

### Feral Swine Trapping

Feral swine may be trapped year-round with no bag limits under the following conditions:
- A hunting or trapping license is required, except for those persons who are license-exempt (see page 11).
- A feral swine trapping permit is also required, even for those who are license-exempt. This free permit is available at [ncwildlife.org/feral-swine](http://ncwildlife.org/feral-swine).
- Only box and corral traps can be used and the permit number must be displayed on all traps. Traps must be constructed so that a non-target animal, such as a bear, can easily escape or be released without harm.
- All feral swine must be euthanized while in the trap and may not be removed alive from any trap.
- Landowner permission is required to trap feral swine. Feral swine trapping is allowed on game lands only with permission from the Commission (919-707-0150).

- Hunters may use electronic calls for coyotes and feral swine.
- Feral swine may be hunted at night with lights.
- Coyotes may be hunted at night with artificial lights except in the counties of Beaufort, Dare, Hyde, Tyrrell and Washington. In those five counties, the following apply:
  - Hunting hours are 1/2 hour before sunrise to 1/2 hour after sunset in the above listed five counties
  - All coyote hunting in the above listed five counties requires a permit
  - Permits can be obtained at [ncwildlife.org](http://ncwildlife.org) or by calling 888-248-6834
  - All coyote harvests in the above listed five counties must be reported.

See page 77 for more information about the Canid Cooperator Program and distinguishing the differences between red wolves and coyotes.

**FOX**

**Year Round (including Sundays)**
- Must be taken with dogs only; no limits.
- Local laws may restrict hunting foxes with dogs. Visit [ncwildlife.org/FoxSeasons](http://ncwildlife.org/FoxSeasons) for restrictions.

**Nov. 20 – Jan. 1**
- Daily limit 2; Season 10

This season applies as follows:
- In those counties and parts of counties east of I-77 where local laws do not prohibit the taking of foxes or that do not have established fox seasons and Mitchell and Caldwell counties.
- To see if your county east of I-77 has a different fox hunting season than the one listed above due to local law, visit [ncwildlife.org/foxseasons](http://ncwildlife.org/foxseasons)

**Jan. 1 – Jan. 22**
- Daily limit 2; Season 10

- Foxes may be taken in the counties listed below by legal weapons and may be sold after being properly tagged (refer to page 19 for more information on fox tags):
  - Clay, Henderson, Tyrrell, Graham, Macon
- Hunters must possess fox tags prior to harvesting foxes during this season.

There is no open weapons hunting season in any other county except where provided by local laws. To see if your county has a hunting season on foxes, visit [ncwildlife.org/FoxSeasons](http://ncwildlife.org/FoxSeasons), or call 919-707-0050 to request a copy.

**BEAVER**

Beaver may be taken year-round with firearms or bow and arrow, provided that permission has been obtained from the owner or lessee of the land on which beaver is being taken.

**CONTROLLED HUNTING PRESERVES**

**Oct. 1 – Mar. 31**
- No limits.

This applies to domestically raised birds (mallard ducks, chukars, Hungarian partridges, and upland game birds) only. No wild turkey may be taken.
Migratory Birds

Migratory Birds Protected
Federal laws protecting migratory birds (song-birds, woodpeckers, raptors or waterfowl) take precedence over state laws. Before any migratory birds may be taken or killed during the closed season, a federal permit must be obtained from the U.S. Fish and Wildlife Service. Substantial penalties for violations apply. Call the U.S. Fish and Wildlife Service, Division of Migratory Bird Permits Section in Atlanta, Ga. at 404-679-7070 for information. During the April 1-Aug. 31 time period, depredation permits issued directly from the Wildlife Resources Commission are available when Canada geese are depredating in commercial agriculture situations. Contact the Commission at 919-707-0050 for more information.

Federal seasons and bag limits on migratory game birds are adopted as state regulations.

Colonial Waterbird Nesting Areas
Coastal islands and beach areas posted as “Colonial Waterbird Nesting” areas are being managed for our nesting populations of pelicans, terns, gulls, herons and egrets. Special regulations apply. Access is prohibited on these areas from April 1 – Aug. 31, except by special permit. Dogs are not allowed on these areas during this time period. Access on these areas from Sept. 1 –March 30 will be allowed as authorized by the landowner.

Migratory Game Birds – Hunting Stamps and Privileges

Harvest Information Program (HIP)
All licensed hunters hunting migratory game birds (doves, rails, gallinules, moorhens, woodcock, snipe or waterfowl) in North Carolina are required to have certification of participation in the federal Harvest Information Program (HIP). Certification can be obtained free of charge by going online at ncwildlife.org, calling 888-248-6834, or visiting a wildlife service agent.

Attention Hunters

Please report all bird bands online at reportband.gov

Be aware that the toll-free phone number that had previously been available to report bird bands has been discontinued. People calling this toll-free number will be directed to report their bird bands using the REPORTBAND website or by mail.

Crows may also be hunted on Labor Day, Thanksgiving Day, Christmas Day, New Year’s Day, Martin Luther King, Jr. Day and Independence Day; except when these days fall on a Sunday in addition to the federal duck stamp. Refer to the “License Type” section on page 12 of this digest for information on which licenses include this privilege license.

North Carolina Duck Stamp
Hunters are no longer required to carry the North Carolina duck stamp while hunting for waterfowl; however, the current year’s duck stamp will be available for collecting purposes; call 888-248-6834 for more information.

Migratory Bird Hunting and Conservation Stamp (Federal Duck Stamp)
The law requires that each waterfowl hunter 16 years of age and older, must carry on his person, a valid Migratory Bird Hunting and Conservation Stamp, or federal duck stamp, signed in ink across the face. (Hunters under age 16 may voluntarily purchase a duck stamp and help preserve wetlands for waterfowl.) Refer to page 11 for more information.

North Carolina Waterfowl Privilege
Each waterfowl hunter 16 years of age and older, must carry on his person, a license having the North Carolina Waterfowl Privilege. The North Carolina Waterfowl Privilege is required in addition to the federal duck stamp. Refer to the “License Type” section on page 12 of this digest for information on which licenses include this privilege license.

Migratory Game Birds – Seasons

Shooting Hours
Unless otherwise specified, shooting hours for all migratory game birds, including waterfowl, are ½ hour before sunrise to sunset. Hunting migratory game birds on Sundays is prohibited.

Possession Limits
Possession Limits for all migratory game birds including waterfowl are 3 times the daily limit unless otherwise specified.

Nontoxic Shot Requirements
In North Carolina, no person shall take waterfowl while possessing shells loaded with any shot other than steel or other approved nontoxic materials. On posted waterfowl impoundments on game lands, it is unlawful to hunt with or have in possession any shotgun shell containing lead or toxic shot while hunting; except shotgun shells containing lead buckshot may be used while deer hunting. Nontoxic shot is required for the taking of captive-reared mallards on shooting preserves, in field trials and during bona fide dog-training activities.

SEASON DATES LIMITS

Daily limit 15 coots

Mergansers

Season dates same as ducks

Daily limit 5 mergansers with no more than 2 hooded mergansers

Sea Ducks (In Special Sea Duck Area Only)

Nov. 23 – Jan. 31

Daily limit 5 with no more than 4 scoters, 4 eiders and 4 long-tailed ducks

- The taking of sea ducks (scoters, eiders and long-tailed ducks), except during the regular duck season shall be limited to the waters of the Atlantic Ocean, and to those coastal waters south of U.S. 64 that are separated by a distance of at least 800 yards of open water from any shore, island or marsh. Special sea duck bag limits and seasons apply in these areas.

- Because sea ducks are limited to 60 days of hunting exposure in any area, there will be certain dates and locations where sea ducks may or may not be taken. Please see the following:

General Duck Season Open – Special Sea Duck Season Closed

Oct. 29 – Oct. 30 & Nov. 6 – Nov. 22

Sea ducks cannot be taken in the special sea duck area, but can be taken everywhere else. The general bag limit of six ducks with no more than four scoters, four long-tailed ducks and four eiders applies. Although sea ducks may not be taken in the special sea duck area during this time, other ducks may be taken in this area.

General Duck Season Closed – Special Sea Duck Season Open

Nov. 30 – Dec. 17

Sea ducks can be taken only in the special sea duck area, and cannot be taken in other locations. The special sea duck bag limit applies and consists of five sea ducks with no more than four scoters, four long-tailed ducks and four eiders.

General Duck Season Open – Special Sea Duck Season Open

Nov. 23 – Nov. 29 & Dec. 18 – Jan. 31

Sea ducks can be taken anywhere. Hunters should remember that the special sea duck limit applies when hunting in the special sea duck area and the general bag limit applies when hunting in all other areas. When both seasons overlap, the special sea duck bag limit may be in addition to the limits applying to other ducks.

Summary of Federal Regulations

In addition to state regulations, the following federal rules apply to the taking, possession, shipping, transporting and storing of migratory game birds. **No persons shall take migratory game birds:**

- With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10 gauge, punt gun, battery gun, machinegun, fish hook, poison, drug, explosive, or stupefying substance;
- With a shotgun of any description capable of holding more than three shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three shells. This restriction does not apply during dates states have selected under the Conservation Order for light geese (i.e. snow and Ross's geese) or those selected for the control of resident Canada geese.
- From or by means, aid, or use of a sinkbox or any other type of low-floating device, having a depression affording the hunter a means of concealment beneath the surface of the water;
- From or by means, aid, or use of any motor vehicle, motor-driven land conveyance, or aircraft of any kind, except that paraplegics and persons missing one or both legs may take from any stationary motor vehicle or stationary motor-driven land conveyance;
- From or by means of any motorboat or other craft having a motor attached, or any sailboat, unless the motor has been completely shut off and/or the sails furled, and its progress there from has ceased except in pursuit of wounded waterfowl in special sea duck areas;
- By the use or aid of live birds as decoys; although not limited to, it shall be a violation of this paragraph for any person to take migratory waterfowl on an area where tame or captive live ducks or geese are present unless such birds are and have been for a period of 10 consecutive days prior to such taking, confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such birds from the sight of wild migratory waterfowl;
- By the use or aid of recorded or electrically amplified bird calls or sounds, or recorded or electrically amplified imitations of bird calls or sounds. This restriction does not apply during dates states have selected under the Conservation Order for light geese (i.e. snow and Ross's geese) or those selected for the control of resident Canada geese.
- By means or aid of any motor-driven land, water, or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying, or stirring up of any migratory bird;
- By the aid of baiting, or on or over any baited area, where a person knows or reasonably should know that the area is or has been baited.

It is legal to take migratory game birds including waterfowl, coots, and cranes, on or over the following lands or areas that are not otherwise baited areas:

- Standing crops or flooded standing crops (including aquatics);
- Standing, flooded, or manipulated natural vegetation; flooded harvested croplands; or lands or areas where seeds or grains have been scattered solely as the result of a normal agricultural planting, harvesting, post-harvest manipulation or normal soil stabilization practice;
- From a blind or other place of concealment camouflaged with natural vegetation;
- From a blind or other place of concealment camouflaged with vegetation from agricultural crops, as long as such camouflaging does not result in the exposing, depositing, distributing or scattering of grain or other feed; or
- Standing or flooded standing agricultural crops where grain is inadvertently scattered solely as a result of a hunter entering or exiting a hunting area, placing decoys, or retrieving downed birds.

It is legal to take migratory game birds, except waterfowl, coots and cranes, on or over lands or areas that are not otherwise baited areas, and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown, or solely as the result of a normal agricultural operation.

Wanton Waste of Migratory Game Birds
No person shall kill or cripple any migratory game bird without making a reasonable effort to retrieve the bird, and retain it in his actual custody, at the place where taken or between that place and either (a) his automobile or principal means of land transportation; or (b) his personal abode or temporary or transient place of lodging; or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility.

Non-toxic Shot
No person may take ducks, geese (including brant), swans, or coots while possessing shot (either in shotshells or as loose shot for black powder) other than approved non-toxic shot. For a list of approved non-toxic shot, see fws.gov/birds/bird-enthusiasts/hunting/nontoxic.php

Opening Day of a Season
No person on the opening day of the season shall possess any freshly killed migratory game birds in excess of the daily bag limit, or aggregate daily bag limit, whichever applies.

Field Possession Limit
No person shall possess, have in custody, or transport more than the daily bag limit or aggregate daily bag limit, whichever applies, of migratory game birds, tagged or not tagged, at or between the place where taken and either (a) his automobile or principal means of land transportation; or (b) his personal abode or temporary or transient place of lodging; or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility.

Tagging Requirement
No person shall put or leave any migratory game birds at any place (other than at his personal abode), or in the custody of another person for picking, cleaning, processing, shipping, transport or storage (including temporary storage), or for the purpose of having taxidermy services performed, unless such birds have a tag attached, signed by the hunter, stating his address, the total number and species of birds, and the date such birds were killed. Migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage.

Custody of Birds of Another
No person shall receive or have in custody any migratory game birds belonging to another person unless such birds are properly tagged.

Termination of Possession
Subject to all other requirements of this part, the possession of birds taken by any hunter shall be deemed to have ceased when such birds have been delivered by him to another person as a gift; or have been delivered by him to a post office, a common carrier, or a migratory bird preservation facility and consigned for transport by the Postal Service or a common carrier to some person other than the hunter.

Gift of Migratory Game Birds
No person may receive, possess, or give to another, any freshly killed migratory game birds as a gift, except at the personal abodes of the donor or donee, unless such birds have a tag attached, signed by the hunter who took the birds, stating such hunter’s address, the total number and species of birds and the date such birds were taken.

Transportation of Birds of Another
No person shall transport migratory game birds belonging to another person unless such birds are properly tagged.

Species Identification Requirement
No person shall transport within the United States any migratory game birds, except doves and band-tailed pigeons, unless the head or one fully feathered wing remains attached to each such bird at all times while being transported from the place where taken until they have arrived at the personal abode of the possessor or a migratory bird preservation facility.

Marking Package or Container
No person shall transport by the Postal Service or a common carrier migratory game birds unless the package or container in which such birds have been delivered by him to another person or a common carrier to some person other than the hunter.

Migratory Bird Hunting and Conservation Stamp
The law requires that each waterfowl hunter 16 years of age and older must carry on his person a Migratory Bird Hunting and Conservation Stamp (Federal Duck Stamp) that is validated by the hunter signing the stamp in ink across the face of the stamp.

More restrictive regulations may apply to National Wildlife Refuges opened to public hunting. For additional information on refuge-specific regulations see fws.gov/refuges/

Definitions
- Migratory Birds – Birds protected by federal law as a result of treaties signed with other countries. Protected migratory birds are listed in Title 50 Code of Federal Regulations, Section. 10.13. This list includes almost all birds found in the United States with the exception of the house sparrow, feral pigeon (commonly called rock dove), European starling, Eurasian collared-dove, mute swan, and upland game birds (which are protected by state laws).

All migratory birds are protected. However, a subset of migratory birds classified as migratory game birds may be hunted in accordance with state and federal regulations. The list of migratory game birds includes species of ducks, geese (including brant), swans, doves and pigeons, cranes, rails, coots, gallinules and moorhens, woodcock and snipe, if there is an open season.

Daily bag limit – The maximum number of migratory game birds of a single species or combination (aggregate) of species permitted to be taken by one person in any one day during the open season in any one specified geographic area for which a daily bag limit is prescribed.

Aggregate daily bag – The maximum number of migratory game birds permitted to be taken by one person in any one day during the open season when such person hunts in more than one specified geographic area and/or for more than one species for which a combined daily bag limit is prescribed. The aggregate daily bag limit is equal to, but shall not exceed, the largest daily bag limit prescribed for any one species or for any one specified geographic area in which taking occurs.

Possession limit – The maximum number of migratory game birds of a single species or a combination of species permitted to be possessed by any one person when lawfully taken in the United States in any one specified geographic area for which a possession limit is prescribed.

Aggregate possession limit – The maximum number of migratory game birds of a single species or combination of species taken in the United States permitted to be possessed by any one person when taking and possession occurs in more than one specified geographic area for which a possession limit is prescribed. The aggregate possession limit is equal to, but shall not exceed, the largest possession limit prescribed for any one of the species or specified geographic areas in which taking and possession occurs.

Personal abode – One’s principal or ordinary home or dwelling place, as distinguished from one’s temporary or transient place of abode or dwelling such as a hunting club, or any club house, cabin, tent or trailer house used as a hunting club, or any hotel, motel or rooming house used during a hunting, pleasure or business trip.

Migratory bird preservation facility – means:
1. Any person who, at their residence or place of business and for hire or other consideration; or
2. Any taxidermist, cold-storage facility or locker plant which, for hire or other consideration; or
3. Any hunting club which, in the normal course of operations; receives, possesses,
or has in custody any migratory game birds belonging to another person for purposes of picking, cleaning, freezing, processing, storage or shipment.

- **Normal agricultural planting, harvesting, or post-harvest manipulation** – A planting or harvesting undertaken for the purpose of producing and gathering a crop, or manipulation after such harvest and removal of grain, that is conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture.

- **Normal agricultural operation** – A normal agricultural planting, harvesting, post-harvest manipulation, or agricultural practice that is conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture.

- **Normal soil stabilization practice** – A planting for agricultural soil erosion control or post-mining land reclamation conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture for agricultural soil erosion control.

- **Baited area** – Any area on which salt, grain, or other feed has been placed, exposed, deposited, distributed, or scattered, if that salt, grain, or other feed could serve as a lure or attraction for migratory game birds to, on, or over areas where hunters are attempting to take them. Any such area will remain a baited area for 10 days following the complete removal of all such salt, grain, or other feed.

- **Baiting** – The direct or indirect placing, exposing, depositing, distributing, or scattering of salt, grain, or other feed that could serve as a lure or attraction for migratory game birds to, on, or over any areas where hunters are attempting to take them.

- **Manipulation** – The alteration of natural vegetation or agricultural crops by activities that include but are not limited to mowing, shredding, discing, rolling, chopping, trampling, flattening, burning, or herbicide treatments. The term manipulation does not include the distributing or scattering of grain, seed, or other feed after removal from or storage on the field where grown.

- **Natural vegetation** – Any non-agricultural, native, or naturalized plant species that grows at a site in response to planting or from existing seeds or other propagules. The term natural vegetation does not include planted millet. However, planted millet that grows on its own in subsequent years after the year of planting is considered natural vegetation.

Game Lands

INFORMATION

Some 2,000,000 acres of public and private lands in North Carolina are managed by the Wildlife Resources Commission for public hunting, trapping and inland fishing. They are designated collectively as “game lands.” Hunting on the Roanoke River National Wildlife Refuge is managed by the U.S. Fish & Wildlife Service and the N.C. Wildlife Resources Commission through a joint venture. Additional regulations apply to the Roanoke River National Wildlife Refuge. Individual maps are available online at ncpaws.org/ncwrcmaps/gamelands.

Game Lands License

The use of game lands is now included with most annual and lifetime hunting, fishing, and trapping licenses. Please see the list of license privileges beginning on page 20 for more information.

Training dogs using wildlife on any game land or participating in field trials using wildlife on any game land either requires the Game Lands License or a valid license that authorizes the use of the game lands. The Game Lands License is required to horseback ride on certain game lands (please see page 82 for rules specific to each game land).

For commission-sanctioned field trials using wildlife scheduled on game lands by the Wildlife Resources Commission, judges are exempt and active participants (defined as anyone who handles a dog or uses a firearm) in possession of hunting licenses from their own states may participate without the license. For any other game land field trial using wildlife, both judges and active participants must possess a game lands license or other North Carolina license which conveys the game land use privilege. Persons who are only observing at field trials do not need any license.

Hunting Seasons

Unless otherwise indicated for a particular game land, game animal and game bird seasons are the same as the private land surrounding the game land. Unless otherwise provided by permit, hunting is allowed on game lands only during the open seasons for game animals and game birds and is restricted to weapons lawful for open game animal or game bird seasons.

Game Lands Restrictions

Waterfowl Hunting

• On waterfowl impoundments with a posted perimeter boundary, it is unlawful on the legal hunting days for hunters to be within the posted impoundment area before 4 a.m., and hunting is prohibited after 1 p.m.; decoys may not be set out prior to 4 a.m. and must be removed by 3 p.m. each day. On designated youth waterfowl days occurring after the end of the regular waterfowl seasons, youth under age 18 may hunt in these game lands impoundments until sunset (all other restrictions still apply). At all other times, youth are individuals under 18 years of age when hunting on game lands.
• Waterfowl blinds may be constructed on most game lands; however, they become public property and can be used by anyone on a first-come, first-served basis.
• Blinds on areas not owned by the state must be removed after the hunting season; and on some game lands, the property owners may prohibit construction of permanent hunting blinds by posting a sign at the entrances stating such restrictions.
• It is unlawful to hunt in or within 100 yards of a designated Disabled Sportsman’s Waterfowl Blind during the waterfowl season, except by a disabled access permit holder and his or her permitted companion or holders of applicable disabled waterfowl hunt permits.
• It is unlawful to hunt with or have in possession any shotgun shell containing lead or toxic shot while hunting on any posted waterfowl impoundment on any game land, except shotgun shells containing lead buckshot may be used while deer hunting.
• It is unlawful to operate internal combustion engine-powered vessels or vehicles on posted waterfowl impoundments.
• If a waterfowl impoundment has a posted scouting-only zone, all activities except hunting and trapping are restricted to that zone from Nov. 1 to March 15.
• When open days for waterfowl include Christmas and New Year’s Day and those days fall on Sundays, the open waterfowl hunting day is the following Monday.

Prohibited on Sundays

• Hunting with a firearm between 9:30 AM and 12:30 PM.
• The use of a firearm to take deer that are run or chased by dogs.
• Hunting with a firearm within 500 yards of a place of religious worship, as defined by G.S. 14-54.1(b), or any accessory structure thereof.
• Hunting migratory game birds.

Vehicle Usage

• Driving a motorized vehicle licensed for highway use is allowed only on those roads constructed, maintained and open for vehicular travel and those trails posted for vehicular use. This does not apply to participants in scheduled bird dog field trials held on the Sandhills Game Land.
• Operation of any motorized land vehicle, including ATVs, not licensed for highway use is prohibited, except as otherwise expressly allowed. This does not apply to those areas specifically designated in national forests for unlicensed vehicle use.
• On those game lands or parts thereof specifically listed under the Disabled Access Program (page 81), persons holding a Disabled Veteran or Totally Disabled License, a Disabled Sportsman Hunt Certification, or a Disabled Access Permit may operate vehicles, including ATVs on:
  » any Wildlife Resources Commission-maintained road open for vehicular travel
  » those trails posted for vehicular travel
  » ungated and open-gated roads otherwise closed to vehicular traffic.
• It is unlawful to block traffic or gates or otherwise prevent vehicles from using any roadway.
• On roads posted as “limited access” motorized vehicles are prohibited from 10 p.m. to 5 a.m. during the months of June, July and August.

Weapons

• It is unlawful to discharge any weapon:
  » from a vehicle,
  » within 150 yards of any residence located on or adjacent to game lands,
  » within 150 yards of any game lands building or game lands camping area (unless otherwise posted).

The 150-yard provision of this rule does not apply to the use of archery equipment on Butner-Falls of Neuse and Jordan game lands.

• Firearms may be carried openly, or concealed with a valid concealed handgun permit, at any time on game lands, except for the game lands noted in this section. Hunting is allowed ONLY during the open seasons on game birds and game animals. On Buckhorn, Chatham, Harris, Hyco, Lee, Mayo, and Sutton Lake game lands, and Pee Dee River Game Land north of U.S. 74, and that portion of R. Wayne Bailey-Caswell Game Land that is located north of U.S. 158 and east of N.C. 119 during closed seasons and closed hunting days on game birds (waterfowl, doves, woodcock, snipe, rails, gallinules, moorhens, coots, grous, pheasant, quail, turkey) and game animals (deer, bear, fox, rabbits, squirrels, bobcats, opossum, raccoon), it is unlawful to possess any firearm readily available for use. During that time in which fox season is the only open season for a game animal, it is also unlawful to possess these weapons. However, persons may possess a firearm during the closed season on these game lands if:
  » it is cased or not immediately available for use;
  » it is used by persons participating in field trials on field trial areas;
  » it is possessed in designated camping areas for defense of persons and property;
  » or if it is a .22-caliber pistol with a barrel, not greater than 7.5 inches in length and shooting only short, long or long rifle ammunition, carried as a side arm.

In accordance with Code of Federal Regulations, the possession of loaded firearms, ammunition, loaded projectile firing devices,
bows and arrows, crossbows, or other weapons is prohibited on Butner-Falls of Neuse, Jordan, Kerr Scott, and Vance game lands unless:

» in the possession of a Federal, state or local law enforcement officer;
» being used for hunting or fishing, with devices being unloaded when transported to, from or between hunting and fishing sites;
» being used at authorized shooting ranges; or
» written permission has been received from the District Commander.

Where prohibited, target shooting is defined as the discharge of a firearm for purposes other than hunting, trapping or self-defense.

**Training or Hunting with Dogs**

- Except for authorized field trials, dogs may not be trained or allowed to run unleashed from April 1 through Aug. 15 on any game land located west of I-95 and from March 15 through June 15 east of I-95.
- On game lands west of I-95, dogs also may not be trained or allowed to run unleashed during daylight hours on dates when special hunts are scheduled for the Disabled Sportsman Program. Additional restrictions apply to some bear sanctuaries and game lands.

**Bear Sanctuaries**

- It is unlawful to hunt bear on a designated bear sanctuary, except by permit. (See page 60.)
- Dogs may not be used to pursue bear, except during permit hunts that allow hunting bear with dogs.
- It is unlawful to take feral swine on bear sanctuaries except during the deer archery season, deer blackpowder season, deer gun season and any small game season using only weapons and manner of take prescribed for that hunting season.
- Dogs may not be used to take feral swine.
- It is unlawful to train dogs or allow dogs to run unleashed on bear sanctuaries in and west of Madison, Buncombe, Henderson and Polk counties from March 1 until the Monday on or nearest Oct. 15.

**Removal of Plants, Animals and Other Materials**

- Only the following plants, animals and materials may be possessed on or removed from game lands:
  - Wildlife, birds or fish legally taken under a valid hunting, trapping, fishing or falconry license
  - Small amount of edible plants or plant parts for personal consumption, except any plants on a state or federal protected list.
  - Insects, worms or other invertebrates collected as fish bait for personal use, except any on a state or federal protected list. Any fish bait collected may not be sold.
  - Small amounts of animal parts, plant parts not removed from live plants, dirt, rocks and water. These items may not be collected for commercial purposes or sale.
  - Firewood for use while camping on a game land.

- Wildlife, birds or fish legally taken under a valid hunting, trapping, fishing or falconry license
- Small amount of edible plants or plant parts for personal consumption, except any plants on a state or federal protected list.
- Insects, worms or other invertebrates collected as fish bait for personal use, except any on a state or federal protected list. Any fish bait collected may not be sold.
- Small amounts of animal parts, plant parts not removed from live plants, dirt, rocks and water. These items may not be collected for commercial purposes or sale.
- Firewood for use while camping on a game land.
**Game Lands INFORMATI ON**

- Litter and road kill animals, except when specifically prohibited.
- Bullfrogs may be taken from April 1 – August 31 with a valid license (Game Land, hunting, fishing, etc.) that allows access to and the use of Wildlife Resources Commission property.
- To possess or remove any other plants, animals and materials requires written permission. This includes, but is not limited to, firewood to be taken off the game land, pine straw, ginseng, venus fly-trap, snakes, lizards, turtles, frogs and salamanders.

**Other Restrictions**

- Disabled sportman blinds are for use by those individuals who possess a Disabled Veteran or Totally Disabled License or a Disabled Sportsman Hunt Certification, in addition to a valid hunting license and their companions on a first-come basis during nonpermit, open hunting days, except for the Restricted Area of R. Wayne Bailey-Caswell Game Land. During permit hunts, the Commission will designate use of disabled sportman blinds.
- Use of game lands for purposes other than hunting, trapping and fishing is subject to the control of the landowners.
- It is unlawful to release ANY bird or animal, except hunting dogs and raptors, on game lands without written authorization from the Wildlife Resources Commission.
- It is unlawful to hunt while under the influence of alcohol or any narcotic drug.
- It is unlawful to litter or dispose of refuse, except in receptacles provided for the purpose.
- Attempting to obscure the sex or age or any bird or animal taken by severing the head or any other part thereof, or possess any bird or annual that has been so mutilated is prohibited.
- Placing bait on game lands is prohibited without written authorization except when allowed for trapping.
- Game birds or game animals may not be taken with the aid of bait.
- It is unlawful to erect or to occupy for the purpose of hunting, any tree stand or platform attached by nails, screws, bolts or wire to a tree on any game land designated herein. This prohibition shall not apply to lag-screw steps or portable stands that are removed after use with no metal left remaining in or attached to the tree.
- It is unlawful to camp on game lands, except on an area designated by the landowner for camping, or to camp on those U.S. Forest Service lands that have been closed by posted order of the U.S. Forest Service. See the individual game lands listings beginning on page 82 for further restrictions.
- On game lands owned by the Wildlife Resources Commission, the maximum period of consecutive overnight camping at any designated campground is 14 days within any 30-day period from May 1 – August 31. After 14 consecutive days of camping during this period, all personal belongings must be removed from the game land.
- Raccoon and opossum hunting may continue until 7 a.m. on Tuesdays and Thursdays during the open season for any game animal on game lands. June 1st through October 31st.
- A permit is needed to enter Hunting Creek Swamp in Davie County.
- John’s River Waterfowl Refuge in Burke County is closed to hunting.
- From one-half hour before sunrise until one-half hour after sunset, properly licensed hunters may take feral swine on game lands during the open season for any game animal and game bird using any legal manner of take allowed during those open game seasons. Dogs may be used for hunting feral swine only on those game lands where the use of dogs is allowed for hunting deer or bear and only during the open applicable deer or bear season.
- Coyote hunting on game lands in Beaufort, Dare, Hyde, Tyrrell and Washington counties is limited to permit hunts administered through the Permit Hunting Opportunities Program. Elsewhere on game lands, from one-half hour before sunrise until one-half hour after sunset, coyotes may be taken by properly licensed hunters during any open season for taking game animals and game birds using weapons that are lawful for the open game animal or game bird seasons.
- From one-half hour after sunset until one-half hour before sunrise, hunting feral swine and coyotes on game lands is limited to permit hunts administered through the Permit Hunting Opportunities Program.
- Public nudity on any game land is prohibited.
- It is unlawful to use, enter, or remain on WRC property that is posted as closed

**Trapping on Game Lands**

Trapping armadillo, beaver, bobcat, coyote, groundhog, mink, muskrat, nutria, opossum, otter, raccoon, skunk and weasel is permitted on game lands during the open season for that species (see page 52). Foxes can be trapped on game lands during the regulated trapping season (Nov. 1 to end of Feb.) in counties with a local law authorizing fox trapping in that county. Additionally, fox trapping is allowed on game lands in Clay, Graham, Henderson, Macon and Tyrrell counties with a daily bag limit of 2 and season bag limit of 10 from the 1st to the 4th Saturday in January. Foxes may not be taken by trapping on game lands in counties with a closed fox trapping season or during any fox trapping season that occurs outside the dates of November 1 through the end of February. There is a closed trapping season on game lands from April 1 through October 31. Trapping must be in accordance with trapping regulations, except on posted “Safety,” “Temporary Restricted” and “Restricted” zones and the regulated areas listed below that are closed to trapping:

- John’s River Waterfowl Refuge, Burke Co.
- Hunting Creek Swamp Waterfowl Refuge, Davie Co.
- J. Robert Gordon Sandhills Field Trial Area

A permit is required to trap on any game land designated as a permit-only area.

Bait may not be used on the national forest lands bounded by the Blue Ridge Parkway on the south, U.S. 276 on the north and east, and N.C. 215 on the west. At each trap, trapners may use a single bait site of grain, fruit, or other foods when trapping if the food is not a processed food product, is less than 3 cubic inches, and is completely covered to prevent it from being seen from above. Feathers (including those with attached skin or entire bird wings), hair (with or without skin or hide), and bones that include no attached meat, organs, or viscera do not need to be covered.

Processed food products are any food substance or flavoring that has been modified by the addition of ingredients or by treatment to modify its chemical composition or form or to enhance its aroma or taste. This includes: food products modified by sugar, honey, syrups, oils, salts, spices, peanut butter, grease, meat bones, or blood; candies, pastries, gum, and sugar blocks; and extracts of such products.

**Youth Waterfowl Days**

No special permit will be required for youth to hunt waterfowl on any game land or game land designated as a permit-only area.
impoundment, including permit-only areas on those days officially designated as “Youth Waterfowl Days,” unless specified for an individual game land that waterfowl hunting on Youth Waterfowl Days is by permit only.

Veterans/Military Waterfowl Days
On designated Veterans/Military Waterfowl Days, veterans (as defined in section 101 of title 38, United States Code) and members of the Armed Forces on active duty, including members of the National Guard and Reserves on active duty (other than for training), with valid credentials may hunt on game lands and impoundments not designated as permit-only areas from ½ hour before sunrise to sunset.

Waterfowl Management Areas
On those areas established by the Wildlife Resources Commission for either waterfowl restoration or waterfowl resting and feeding, and posted as waterfowl management areas, it is unlawful to hunt or harass waterfowl.

Field-Trial Facilities
Field trials may be scheduled on the J. Robert Gordon Sandhills “Field Trial Area” by application in advance, accompanied by the appropriate facility use fee. No person or group shall use these facilities without having obtained specific written approval from an authorized agent of the Wildlife Resources Commission.

Shooting Ranges
Commission-managed shooting ranges are available for the purpose of firearm marksmanship and development of shooting skills. Days and hours of operation may vary and are posted at the entrance to each range. Persons using a shooting range shall obey posted range safety rules. Those persons who violate range safety rules or create a public safety hazard may be directed by law enforcement officers or Commission employees to leave the range.

Currently the Commission manages the following shooting ranges:

- Wayne E. Smith Shooting Range on Cold Mountain Game Land.
- Flintlock Valley Shooting Range on Uwharrie Game Land.
- John F. Lentz Hunter Education Complex on Sandhills Game Land.
- Caswell Shooting Range on R. Wayne Bailey-Caswell Game Land.
- Holly Shelter Shooting Range on Holly Shelter Game Land.
- Odom Shooting Range in Northampton County.
- Wake County Shooting Range.

Additional public and private shooting ranges can be found at ncwildlife.org/ShootingRanges

Disabled Access Program

Disabled Access Permit
A Disabled Access Permit allows persons with limited physical mobility to operate vehicles, including ATVs, on any Commission-maintained road open for vehicular travel, those trails posted for vehicular travel and on open-gated or un-gated roads, otherwise closed to vehicular traffic on game lands listed in the Disabled Access Program and to have access to special disabled hunting blinds. It does not authorize operation of vehicles on closed roads on game lands not listed in the Disabled Access Program. The disabled hunter will be issued a companion and vehicle access card. One companion may accompany the disabled hunter, provided that person possesses the companion card. This permit is valid as long as the qualifying disability persists. There is no fee associated with this permit. Refer to the “Disabled Sportsman Information” section on page 23 for qualification and application information.

Note: Disabled individuals, as defined under the Americans with Disabilities Act, may use a wheelchair or other mobility device designed for indoor pedestrian use on any area where foot travel is allowed on properties owned or controlled by the Commission.

Areas Involved
Vehicular access under this permit is provided on the following game lands: (Additional access may be provided on some U.S. Forest Service-owned game lands. Those areas are not listed below, but details may be obtained by contacting the local ranger station for the district in which you wish to hunt.)

- Bertie
- Bladen Lakes
- Butner-Falls of Neuse (waterfowl blind for disabled hunters only)
- R. Wayne Bailey – Caswell
- Goose Creek (waterfowl blind for disabled hunters only)
- Holly Shelter
- Juniper Creek
- Lantern Acres
- Pee Dee River Game Land
- Roanoke River Wetlands
- Rockfish Creek Game Land
- Sandhills
- South Mountains
- Stones Creek Game Land
- Suggs Mill Pond
- Tillery
- Thurmond Chatham

See current game land maps at ncwildlife.org for details and disabled access locations.

Currently there is a Disabled Sportsman Waterfowl blind on Gull Rock Game Land open to first come users on waterfowl hunt days. There are waterfowl blinds for the disabled on the Spring Creek Impoundment of Goose Creek Game Land, on the Catfish Lake Impoundment of Croatan Game Land, and on the Beaver Dam Impoundment of Butner-Falls of Neuse Game Land. A disabled access permit is required. On permitted days on Spring Creek and on the Beaver Dam Impoundment, users must apply through the Permit Hunting Opportunities Program.

Disabled Sportsman Permit Hunt Program
All of the hunts the Commission offers to the disabled sportsman require permits. Information about qualifications required for these hunts and available disabled blinds can be found at ncwildlife.org/PermitHunt.

Either-Sex Seasons and Other Rules Applying to Individual Game Lands

Each game land falls into one of five categories and is so designated in the individual game lands listings. A special permit may be required for some species on any of these areas (apply at ncwildlife.org/PermitHunt). The five designations are as follows:

- **Six-day-per-week areas**: Game lands on which game may be taken Monday through Saturday during the open seasons. Falconry may be practiced on Sundays.
- **Seven-day-per-week areas**: Game lands on which game may be taken Monday through Sunday during the open seasons.
- **Three-day-per-week areas**: Game lands on which game may be taken during the open seasons and hunting is limited to Mondays, Wednesdays, Saturdays, Thanksgiving, Christmas, New Year’s, and Martin Luther King Jr. days.
- **Four-day-per-week areas**: Game lands on which game may be taken during the open seasons and hunting is limited to Tuesdays, Thursdays, Saturdays, and Sundays. These areas are closed to hunting on other days of the week, unless specifically opened under the individual game lands listings.
- **Permit-only areas**: Game lands on which a special permit is required to hunt or trap. To apply for any special permits in the listings below, visit ncwildlife.org/PermitHunt.
- The hunting of migratory birds is prohibited on Sunday.
- Falconry on Game Lands: Within established hunting seasons and on open hunting days, falconry is allowed on Archery and Safety Zones in game lands.

Individual Game Lands

Local Laws

AND INFORMATION

Some local county-by-county legislation also pertains to hunting, inland fishing and trapping activities in North Carolina. Following is a county-by-county listing of acts that might not violate the general laws and regulations, but that are prohibited by local legislation passed by the General Assembly. These laws do not reflect actions taken by the General Assembly after publication of this document.

Fox Hunting and Trapping

Fox hunting and trapping seasons, bag limits and restrictions vary by county in North Carolina. Some counties do not allow fox hunting or trapping at all, some allow only hunting. Before taking a fox, sportsmen should read the law for that county in the “Fox Seasons Hunting and Trapping Laws” publication available at ncwildlife.org/FoxSeasons or by calling 919-707-0050.

Hunting and Trapping

The following is unlawful in the counties indicated:

Alamance
- Hunt any wildlife with a firearm from the right-of-way of a public road.
- Hunt a deer or fox by use of dogs at any time.
- Unlawful to enter upon private lands of another to hunt or fish or with the intent to hunt or fish without the written permission of the owner or lessee. Written permission shall be dated and valid for one year. If permission is given to a hunt club to hunt by the owner or lessee of land, each member of the hunt club must carry a copy of the written permission along with certification from the hunt club designating the person to be a person of said club.

Alexander

Inspiring Adventure. Investing in the Future.

In just over 2 years, we have given over $2.5 million in grants to schools and organizations all across our state to get over 85,000 students outdoors!

When you renew your hunting, fishing or trapping license, please donate to the NC Outdoor Heritage Advisory Council, because your donation will help get kids off of their electronic devices and back in our great outdoors. Find out how you can be a part of impacting the lives of students, by donating or learn how to participate in one of our programs by visiting our website.
