ABOUT THE NC YOUTH HUNTER EDUCATION SKILLS TOURNAMENT

The Youth Hunter Education Skills Tournament is a student/team competition in shotgun, archery and small-bore rifle marksmanship, and hunter responsibility knowledge and orienteering safety skills known collectively as hunter skills. The purpose of the tournament is:

- To partner with NC public schools, private schools, homeschool associations, 4H shooting sports, and other eligible entities to provide Hunter Education to their students.
- To promote public awareness of the Hunter Education Program in North Carolina.
- To offer the young people of our state a positive experience in various disciplines of the shooting sports.
- To help youth across the state experience and learn a variety of legal hunting methods, focusing on efficiency, operation and effectiveness. This can enable the student to evaluate the safest, most comfortable and effective equipment that can be used to hunt and/or target shoot.

Mission

Provide school-aged hunter education graduates an opportunity to go beyond the basics by developing their knowledge and skills in all areas of the hunting experience, which will result in a safer and more responsible sportsman.

Objectives

1. Promote the Hunter Education Program in the North Carolina school system and beyond.
 2. Promote the safe sport of hunting and shooting.
 3. Provide a platform of rules to ensure fairness of participation and competition.

The participant committing a cross-fire act will only be scored for the amount of rounds inside their actual target's scoring areas.

 - 4.6.2aa Shooting order will be set by Event Director or their assigned designee.
 - 4.6.2ab Each participant will get a double from the #1 station. Those still tied will then move to the #5 station and all others are eliminated from further competition. Shooting will alternate between #1 and #5 stations, shooting doubles until necessary ties are settled.
 - 4.6.2ac Both targets thrown must be whole in order to be good targets.

2024 Rules and Regulations

- 4.6.2ae In case of malfunction, the participant will be given the two birds again and the malfunction (both birds) will not count. If the malfunction occurs twice, the shooter will be directed to shoot with another firearm.
- 4.6.2af If the participant entitled to shoot in a tie breaker leaves before the shoot begins, or does not report for the shoot, he or she forfeits their rights for individual championship
- 4.6.2b **Rifle:** Individual ties will be broken by the highest total number of 10X hits. If this does not break the tie, then the highest total number of 10X hits from the standing position will be used. If the tie still exists, the highest total number of 10X hits from the kneeling position will be used. If the tie still exists, the highest total number of 10X hits from the sitting position will be used. TRAP FIELD-STATE

RIFLE EVENT LAYOUT-STATE

ARCHERY EVENT LAYOUT - STATE

ORIENTEERING LAYOUT – STATE

Example information each competitor will receive along with flag at starting point.

From starting point: LEG #1: 20 , Distance 61 yards = P1 (point #1)
 LEG #2: 50 , Distance 48 yards = P2 (point #2)
 LEG #3: 110 , Distance 41 yards = P3 (point #3) Final Leg

Scoring will take place only at the end of leg #3. The exact bearing point will be hidden and known only to the scores and/or tournament officials. The scorer will measure the distance from the bearing point (P3) to the team flag. The score will be multiplied times five (5) and this will be the team score.
EXAMPLE: Team "A" planted their flag 22 feet from the bearing mark resulting in a score of 79, so each individual score will also be 79. The team score 79 x 5 will be 395.
