I hereby certify that all information supplied is accurate and true. Upon issuance of CDMAP tags, I also understand that hunters hunting on any property enrolled in CDMAP shall be properly licensed and report all deer harvests using registration methods provided by the Wildlife Resources Commission. Enrollment of properties in CDMAP does not obligate private landowners to allow hunting on their property, nor does it eliminate the ethical requirement of hunters to obtain permission from the landowner before hunting. I understand that hunters are legally required to obtain written permission from the landowner to hunt on posted property. Additionally, enrollment in CDMAP does not supersede any local ordinance, rule, or covenant that may prohibit discharge of weapons.
