2010 North Carolina White-tailed Deer Density Map

Deer Per Square Mile
- **Green**: less than 15
- **Blue**: 15 - 29
- **Yellow**: 30 - 44
- **Orange**: 45 or more

**No Density Estimate**
Where harvest data are not available to produce density estimates because hunting is limited or prohibited: includes federal and state parks, municipal boundaries, water bodies, and human density greater than 1 person per 2 acres.
