Looking for a new adventure ... Introduction to Kayaking Fishing is designed to give anglers and paddlers the information required to safely and successfully fish in sheltered waters from a kayak. The event includes classroom time where you will learn how to choose a boat, know what equipment is needed, outfitting and rigging, tackle and gear selections and most importantly safety.

From the classroom you'll move to Lake Rim across from the center where our trained and experienced staff and volunteers will work with you on launching and landing, paddle strokes, anchoring, trip planning and safety. Then you'll be on to the hands-on guided kayak fishing experience. Here you will learn through experience while you will be targeting large mouth bass and pan fish on the lake.

Registration is limited to 12, so register early!
Check in starts at 8:30 am., and instruction begins promptly at 9:00 am.

Make checks payable to: NCWRC-BOW.
Mail the check & the registration form to:
