

Youth Investigate Wildlife
UNCOVER NATURE'S MYSTERIES

Youth Investigate Wildlife is a project-based learning program that utilizes citizen science projects to engage students in outdoor exploration centered around North Carolina's wildlife. The North Carolina Wildlife Resources Commission is seeking educators, both formal 7th -9th grade and in-formal out of school, to participate helping students ask questions and gathering data to answer them.

Please complete the application below, including the short answer question, and submit the completed application by Monday, September 17, 2018 to wrceducation@ncwildlife.org. All applications will be reviewed by Commission staff and up to three groups will be selected to participate in Spring 2019. Applicants will be notified of their selection by September 27, 2018. Please note, we require two dedicated educators per group with an ideal group size of 15-20 youth. If applicant has a larger group, please submit more than one application.

Application:

School or Organization Name		
Type of Group (i.e. after school, club, class, etc.)	# Participating Students	Student Grades or Ages
Educator # 1 Name	Educator # 1 Phone Number	
Educator # 1 Email Address		

Educator #2 Name	Educator #2 Phone Number
Educator # 2 Email Address	

Best Contact Number for Organization	Transportation Needed to an Outdoor Site (Y or N)
Quick Description of Available Outdoor Space	
(Short Answer) Please explain how this program would tie into other projects/objectives/learning your students are engaged in and how both the students and educators would benefit from participating. If needed, you may attach another page or use the back of this page.	

Thank you for completing the application. Commission staff will be in touch with you soon. Meanwhile, if you have questions or concerns, contact wrceducation@ncwildlife.org.
