- 6. In the Central-Southern Striped Bass Management Area where it is unlawful to possess striped bass or striped bass hybrids from May 1 Sept. 30.
- 7. In Cape Fear River and tributaries below Buckhorn Dam where possession of striped bass and Bodie (hybrid) striped bass is prohibited.
- 8. In Sutton Lake, where possession of largemouth bass is prohibited from Dec. 1 March 31.
- 9. Fishing is prohibited from Feb. 15 April 15 in the Linville River from the mouth, as marked at Lake James, upstream to the N.C. 126 bridge.

## TROTLINES, SET-HOOKS AND JUG-HOOKS

- Trotlines, set-hooks and jug-hooks may be fished under any license that authorizes basic fishing privileges.
- It is unlawful to use live bait with trotlines, set-hooks or jug-hooks.
- Trotlines (a line with multiple hooks) must be set parallel to the nearest shore in all public waters, where their use is authorized.
- Each trotline, set-hook and jug-hook shall have attached the name and address of the user legibly inscribed.
- Each trotline shall be conspicuously marked at each end, and each set-hook shall be conspicuously marked at one end with a prominent flag or floating object.

## **REGULATIONS FOR WARMWATER GAME FISH**

State waters are classified as: inland, joint and coastal (see "General Information" on page 16). These state waters are collectively referred to as public fishing waters. Certain fishes, including largemouth bass, crappie and mountain trout are designated inland

game fish and under the jurisdiction of the Wildlife Resources Commission in all public waters; whereas, some species, including striped bass, white and yellow perch, flounder and red drum, are designated as inland game fish only in inland waters (see list on page 16).

**LOCATION SIZE LIMIT DAILY CREEL LIMIT\*** Black bass (including largemouth, smallmouth and spotted) - Roanoke River downstream of Roanoke Rapids Dam 14-inch minimum 5 in combination - Tar River downstream of Tar River Reservoir Dam - Neuse River downstream of Falls Lake Dam - Lake Raleigh (Wake Co.) - Haw River downstream of Jordan Lake Dam - Deep River downstream of Lockville Dam - Cape Fear River - Waccamaw River downstream of Lake Waccamaw Dam - Lumber River, including Drowning Creek - All other public waters east of Interstate 95, except Tar River Reservoir (Nash Co.) - South Yadkin River downstream of Cooleemee Dam - Yadkin-Pee Dee River from Idols Dam to the South Carolina state line, including High Rock Lake, Tuckertown Reservoir, Badin Lake, Falls Lake (Stanly and Montgomery counties), Lake Tillery and Blewett Falls Lake. - Randleman Reservoir (Randolph and Guilford counties) - Lake Luke Marion (Moore Co.) - Reedy Creek Park lakes (Mecklenburg Co.) - Lake Rim (Cumberland Co.) - Lake Norman Largemouth and spotted bass: 5 in combination 14-inch minimum, except that 2 may be less than 14 inches - Sutton Lake (New Hanover Co.) 14-inch minimum 5 in combination Dec. 1-March 31: Dec. 1-March 31: No bass may be possessed No bass may be possessed - Buckhorn Reservoir (Wilson and Nash counties) 16-inch minimum 5 in combination - Cane Creek Lake (Union Co.) - Lake Thom-A-Lex (Davidson Co.) 18-inch minimum 5 in combination - Shearon Harris Reservoir 14-inch minimum, except that 2 may be 5 in combination, including only 2 less than 14 inches less than 14 inches and no fish between 16-20 inches may be possessed - Lake Phelps 14-inch minimum and no fish between 5 in combination 16-20 inches may be possessed - New River (Alleghany Co. portion downstream of Fields Dam in No minimum size for smallmouth 5 in combination, including only Grayson Co., Va.) bass, and no smallmouth between 1 smallmouth bass greater 14-20 inches may be possessed. than 20 inches - Public Mountain Trout Waters and waters in and west of Madison, 12-inch minimum, except that 5 in combination, including only Buncombe, Henderson and Polk counties 2 may be less than 12 inches 2 less than 12 inches - City- or county-owned lakes under Wildlife Resources As posted As posted Commission management - B. Everett Jordan Reservoir Largemouth: 14-inch minimum, except 5 in combination, including only - Falls of Neuse Reservoir that 2 may be less than 14 inches 2 largemouth less than 14 inches - All other public fishing waters Smallmouth & spotted bass: 12-inch minand 2 smallmouth or spotted bass imum, except that 2 may be less than 12 inches less than 12 inches

<sup>\*</sup>Please note: "In combination" means the total number for all species combined.

- Metal cans and glass containers cannot be used as markers.
- The number of jug-hooks that may be fished is limited to 70 per boat.
- Trotlines, throwlines, set-hooks and jug-hooks must be fished daily, and all fish must be removed daily.
- Untended trotlines, set-hooks and jug-hooks, as evidenced by the absence of bait, may be removed from the water by wildlife enforcement officers.
- Blue crabs may be taken recreationally with a single line with multiple baits without hooks (see restrictions under "Taking Nongame Fish, Crustaceans, and Mollusks for Bait or Personal Consumption" on pages 28 29).

## Exceptions

- No trotlines or set-hooks may be used in the impounded waters of Sandhills Game Land, in Public Mountain Trout Waters, or in Cheoah Lake.
- In Lake Waccamaw, it is unlawful to use trotlines or set-hooks from May 1–Sept. 30.

## **STATE FISH HATCHERIES**

• It is unlawful to fish at any time in the waters or on the property of any state fish hatchery, including Bones Creek from the Lake Rim Dam to the U.S. 401 Bypass (Raeford Road), except McKinney Lake Reservoir at McKinney Lake State Fish Hatchery.
